UBC Vancouver — Chancellor's Message

Graduation is the most important day in the university calendar. It is the day when you are finally rewarded for your years of hard work, very little recognition and very little money. You have learned, grown and matured during your time at UBC, and you leave with a real sense of accomplishment.

Graduation is also a time of new beginnings. With this part of your life completed, you will move on to new challenges and new opportunities. As alumni of this exceptional university, you will help shape and develop our communities: you will operate our businesses, manage our resources, provide health care, teach our children, provide political leadership and nourish our culture.

At the same time, you have been prepared to approach issues from a global perspective. UBC has taken its place on the world stage, and our work touches lives and economies far beyond our borders. As an institution, UBC has embraced the needs, opportunities and energies of our times, and you have been well equipped to deal with these at home and abroad.

The architect of UBC's development as a global university is our President, Martha Piper, who is retiring from the university this year. Her passion and her dedication have defined UBC for the 21st Century, and her vision – to create global citizens at home and abroad – will be her lasting legacy.

Our greatest responsibility as educators is to provide you with the tools you need to be successful in a complex, competitive and challenging world. The education you have received at UBC is the best any university can offer. It forms the foundation upon which you will build your future achievements.

I hope your time here has taught you the value of knowledge. I hope, too, that you have learned to recognize the opportunities presented by change, and that you have acquired the skills and courage to take advantage of that change.

Again, congratulations on your accomplishment.

Allan McEachern
Chancellor

PRESIDENT'S MESSAGE

Warm congratulations to you, the members of the Graduating Class of 2006!

Your time at UBC Vancouver has coincided with some momentous events in the world: from wars in Afghanistan and Iraq, to devastating natural disasters like the tsunami in the Indian Ocean and Hurricane Katrina in the southern United States. Such dramatic developments are a painful reminder of the vulnerability of human life, and may leave us feeling inadequate or helpless in the belief that we can have little or no influence on the crises and calamities that face our society.

At this moment, however, as you begin a new stage in your life and experience, you should recognize that you *can* and *will* make a difference, because you possess the knowledge and skills that are conferred by a good education.

At every level of your UBC education, you have been exposed to the rigours of critical thinking, to the complexities of problem-solving, and to the need for risk-taking and imagination in the creation of new ideas. Your course-work has provided you with strong communication skills in a variety of media, and taught you the value of teamwork and collaboration. You have encountered people and ideas from a wide variety of backgrounds, in the process acquiring a new understanding of, and respect for, cultures and traditions that differ from your own.

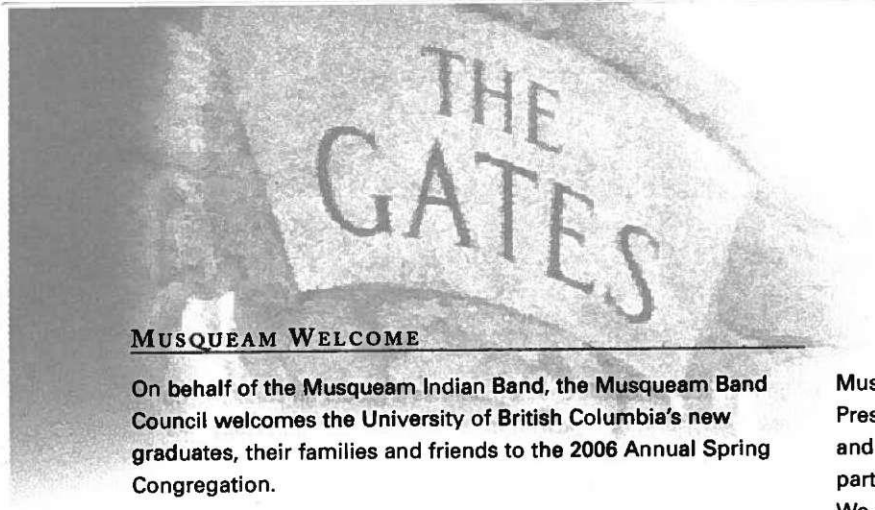
As graduates of the University of British Columbia, you now have a unique opportunity to turn your hard-earned expertise and knowledge to good use, to become involved in your society, and to offer your ideas and solutions with the confidence that they will be heard and respected.

Whatever your choice of career or profession, you will encounter challenges that call on the skills, insights, and understanding you have developed at UBC Vancouver. These qualities will also come into play as you learn to exercise the responsibilities of global citizenship and move into leadership roles. Society will look to you to help eradicate injustice, inequality, and poverty; it will be up to you to find solutions to the social, economic, and environmental problems that afflict us.

This will be my last set of graduation ceremonies as President of UBC, and I know I shall miss the atmosphere of joyful celebration created by the graduates and their families and friends. On these occasions I have always been moved and inspired by the optimism and idealism of our new graduates as they face the next stage of their lives in a world marked by uncertainty, conflict, and change. Whatever the challenges that await you, I am confident that, as a member of the UBC Graduating Class of 2006, you have the potential, not only to achieve personal and professional success, but also to help move society towards the ideals of peace, justice, and prosperity for all.

The future is yours—Tuum est!

Martha C. Piper
President



Musqueam Welcome

On behalf of the Musqueam Indian Band, the Musqueam Band Council welcomes the University of British Columbia's new graduates, their families and friends to the 2006 Annual Spring Congregation.

We are pleased to honour the graduates and extend our congratulations to each and every one of you. We are especially pleased to extend our welcome and congratulations to the increasing number of First Nations students who visit the university, and our traditional lands, for their education.

The accomplishments and contributions of each individual student build the foundation for their future as well as the future of the university and the larger community. These individual accomplishments reflect the talent and diversity among you. Today, the feeling of pride and accomplishment to accompany the completion of your course of study will add to each student's confidence in moving on to the next endeavour.

The University of British Columbia is situated within the heart of Musqueam Traditional Territory. These lands have always been a place for learning. In previous centuries, what is now the UBC campus was a centre for learning for Musqueam youth, who were instructed in culture, history, and tradition, and who in turn shared their knowledge with a new generation. Belief, knowledge, ritual, technological practices, were all handed down here from generation to generation – just as they are today to students from diverse communities and backgrounds.

Musqueam thanks the University of British Columbia and President Martha Piper for continuing to recognize these lands and the tradition of learning associated with them as an integral part of the history and well being of the Musqueam community. We also thank UBC for continuing to seek a partnership with Musqueam as co-host for special initiatives and ceremonies.

We are pleased that our lands continue to be a place for learning and sharing. We are supportive of the university's many programs and initiatives to form partnerships with the Musqueam and other First Nations communities. Education brings us all together, and each of the students convocating today is an inspiration to us all. It is our hope that after graduation you will continue contributing to the university, to our communities, to the well being of society and in doing so you will bring about positive change.

Congratulations to all University of British Columbia 2006 Graduates. We wish you further success for your future.

The hood for the honorary degree LL.D. is of scarlet broadcloth lined in dark blue velvet; for the D.Sc., it is lined in dark purple and for the D. Litt., it is lined in cream.

UBC's Distinguished History of Graduation

UBC's first Congregation ceremony took place on May 4, 1916 in the Hotel Vancouver ballroom. There were 41 graduates.

- UBC's first graduate degrees were conferred in 1919. The first degrees in Agriculture were conferred in 1921. The first Bachelor of Applied Science in Nursing and Forestry degrees were awarded at the eighth Congregation in 1923.
- UBC students now graduate from 12 faculties: Agricultural Sciences, Applied Science, Arts, Commerce and Business Administration, Dentistry, Education, Forestry, Graduate Studies, Law, Medicine, Pharmaceutical Sciences and Science.
- Each year since 1919, the graduating class has planted a tree to mark Congregation.
- The first Congregation ceremony on the present day campus was held in 1927.
- The Ladner Clock Tower in front of Main Library houses a 330-bell carillon which is played during special occasions, including Congregation. The 40-metre tower was built in 1968 in memory of B.C. pioneers, especially members of the Ladner family who founded the town of the same name.
- When graduating students are presented to the chancellor he or she says "I admit you," welcoming them to convocation, the body of graduates that elects the chancellor and some university senators.
- Hoods and gowns worn by graduates are lined with colours that indicate the degree to be conferred. Members of the Congregation processions wear colourful academic regalia from around the world signifying their university of graduation and highest degree awarded.
- The gowns, hoods and mortarboards worn by graduating students evolved from clothes worn by European scholars in the Middle Ages.

The University Mace

The University Mace is a symbol of the authority of the Chancellor. It is displayed on ceremonial occasions, most notably during the congregation ceremonies but also during the Installation of a President or Chancellor.

In the fall of 1957, the University commissioned Haida carver Bill Reid to undertake the project. Owing to Reid's heavy workload, he suggested that George Norris be asked to help design and carve the Mace. The planning of the Mace took some time and a final design was not approved until 1959.

Norris carved the Mace from a block of yew and it included a stylized thunderbird on the thick upper portion. The Mace also featured the use of copper that was prominent in Northwest Coast native art. This copper trimming was designed and prepared by Bill Reid. Norris completed the Mace in 1959 and it was first used at the Fall Congregation where the Director of Ceremonies, Malcolm McGregor, carried it for the first time.

Today the Mace is carried by the 'Macebearer' who leads the Platform Party, which includes the Chancellor, the President, and other dignitaries, onto the stage for the Congregation ceremonies.

O Canada

O Canada! Our home and native land,

True patriot love in all thy sons command.

With glowing hearts we see thee rise,

The true north strong and free!

From far and wide, O Canada,

We stand on guard for thee.

God keep our land glorious and free!

O Canada, we stand on guard for thee,

O Canada, we stand on guard for thee.

The following list reflects 19 important historical moments in UBC's history:

1908

- Provincial legislature passes a new "University Act" establishing The University of British Columbia. It provides for a Chancellor, a Convocation, a President, and a Board of Governors to manage the university's administration, property and business affairs, and a Senate to administer academic matters.

1910

- After a province-wide survey, Point Grey is selected as the site of UBC's new campus.

1913

- Dr. Frank Fairchild Wesbrook appointed first President of UBC.

1915

- The University of British Columbia opens in temporary headquarters at the former MUCBC facilities (nicknamed the "Fairview Shacks" after the surrounding neighbourhood) adjacent to Vancouver General Hospital. There are three faculties: Arts and Science, Applied Science and Agriculture. Student enrolment in September is 379 and total number of full- and part-time faculty is 34.

1922

- Tired of over-crowded conditions and inadequate facilities, UBC students launch a campaign known as "Build the University" to resume construction at the Point Grey campus. With 56,000 names on a petition for the government, 1,200 students with floats, bands and banners march through the streets of downtown Vancouver to the Point Grey campus. This pilgrimage became known as the "Great Trek," as it successfully convinced the Government of BC to resume work on the Point Grey site. The "Great Trek" represents one of the greatest efforts of an undergraduate student body in support of its university and still reflects the spirit and pride of UBC students.

Its goal is to raise $66 million in private and corporate donations, with the provincial government to provide equal matching funds, to pay for new buildings, facilities, programmes, and scholarships. By the time it ends in 1993, this overwhelmingly successful campaign raises a total of $262 million.

1993

- U.S. President Bill Clinton and Russian President Boris Yeltsin meet at UBC during the "Vancouver Summit."
- Dr. Michael Smith receives the Nobel Prize.

1997

A sincere "thank you" to grads

UBC strives to give students access to the best faculty, dynamic and topical programs of study, the latest resources and technology, and top-notch services and assistance.

Many of these items are made available through the generosity of alumni and friends of the university. While basic support for university operations comes from tuition fees and the government, donors are key partners in helping UBC explore and provide new opportunities for students.

We are proud to have our alumni's strong support. This tradition of alumni support begins with our graduating students. UBC's Class Act initiative helps students to work together to fundraise for a special parting gift from their graduating class to their Faculty or School. In past years, these gifts have included computer equipment, furniture for student social spaces, speaker endowments and scholarships.

The university wishes to express its appreciation to this year's Class Act participants, and to others who have demonstrated their commitment to the ideals of the university. Your generosity contributes immeasurably to the vitality and strength of UBC.

For further information about gifts to UBC, please contact the Development Office at 604-822-8900, or visit our website www.supporting.ubc.ca.
