CHANCELLOR'S MESSAGE

Convocation is the most important day in the university calendar. It's the day when years of hard work, very little recognition and very little money is finally rewarded. As you walk across the stage to receive your degree, you have done more than just acquire the right number of credits. You have learned, grown and matured, and leave this institution with a real sense of accomplishment.

You will shape BC's economy and culture in the new century. You will operate our businesses, manage our resources, provide health care, teach our children, give political leadership and nourish our culture.

But UBC is no longer a regional university. Our research touches lives and economies around the world, and our students, faculty and staff are drawn from every area of the globe.

Because our university has developed a world perspective, and because we have embraced the needs, opportunities and

energies of the times, you have been prepared to approach issues with a global perspective.

The chief responsibility of any university is to prepare its graduates to take on the challenges and capitalize on the opportunities society presents. The education you have received at UBC is the best any university can offer, and has given you all the tools you need to make your mark and attain your goals.

I hope your time here has taught you the value of knowledge. I hope, too, that you have learned to recognize the opportunities presented by change, and that you have acquired the skills and courage to take advantage of that change.

Congratulations on your accomplishment.

William L. Sauder
Chancellor

PRESIDENT'S MESSAGE

As members of the Class of 2002, your final year has been marked by the events of September 11, an event whose repercussions are still being felt around the world. Often, in the face of such tragedy, we feel helpless, believing that there is nothing we can do to help our society avoid or overcome the kinds of political or economic crises that face us periodically. At this moment, however, as you enter upon a new stage of life and experience, you should recognize that you can and will make a difference, because you are equipped with that most powerful of tools: an education.

Whether in turmoil or at peace, our world is a complex and demanding place. Scientific discovery is changing our homes and our workplaces, our modes of communication, even the foods we eat. Social and cultural developments are presenting us with opportunities and ethical challenges that would have seemed far-fetched only a few years ago. This is the world that awaits your involvement, and you should enter it with confidence that you are prepared to meet its challenges successfully, thanks to the skills and the body of knowledge you have acquired as students of UBC.

Whether graduate or undergraduate, your programs have exposed you to the rigours of critical thinking, to the complexities of problem-solving, and to the need for risk-taking and imagination in the creation of new ideas. Your education has provided you with strong communication skills in a variety of media, and taught you

the importance of teamwork and collaboration. You have encountered people and ideas from a wide variety of different backgrounds and cultures, in the process acquiring a new understanding, of, and respect for, cultures and traditions that differ from your own.

These are the qualities that will stand you in good stead no matter what career choice you make. Whether you move on to jobs in industry or the professions, in government or in academe, in business, non-profit organizations or the performing arts, you will be faced with challenges that call on the skills and insights that you have developed here at UBC. These same qualities will also come into play as you learn to exercise the responsibilities of global citizenship and move into the leadership roles that await you. Society will look to you to help eradicate injustice, inequality, and poverty; it will be up to you to find solutions to the economic, political, and social problems that surround us.

This is a difficult time in our history, a time of change, of uncertainty and conflict. I am confident, however, that in each member of the UBC Graduating Class of 2002 there lies the potential, not only to achieve personal and professional success, but also to help move society towards greater justice and prosperity. The future is yours—*Tuum est.*

UBC'S DISTINGUISHED HISTORY OF GRADUATION

UBC's first Congregation ceremony took place on May 4, 1916 in the Hotel Vancouver ballroom. There were 41 graduates.

- UBC's first graduate degrees were conferred in 1919. The first degrees in Agriculture were conferred in 1921. The first Bachelor of Applied Science in Nursing and Forestry degrees were awarded at the eighth Congregation in 1923.
- UBC students now graduate from 12 faculties: Agricultural Sciences, Applied Science, Arts, Commerce and Business Administration, Dentistry, Education, Forestry, Graduate Studies, Law, Medicine, Pharmaceutical Sciences and Science.
- Each year since 1919, the graduating class has planted a tree to mark Congregation.
- The first Congregation ceremony on the present day campus was held in 1927.
- The Ladner Clock Tower in front of Main Library houses a 330-bell carillon which is played during special occasions, including Congregation. The 40-metre tower was built in 1968 in memory of B.C. pioneers, especially members of the Ladner family who founded the town of the same name.
- When graduating students are presented to the chancellor he or she says "I admit you," welcoming them to convocation, the body of graduates that elects the chancellor and some university senators.
- Hoods and gowns worn by graduates are lined with colours that indicate the degree to be conferred. Members of the Congregation processions wear colourful academic regalia from around the world signifying their university of graduation and highest degree awarded.
- The gowns, hoods and mortarboards worn by graduating students evolved from clothes worn by European scholars in the Middle Ages.

THE UNIVERSITY MACE

The University Mace is a symbol of the authority of the Chancellor. It is displayed on ceremonial occasions, most notably during the congregation ceremonies but also during the Installation of a President or Chancellor.

In the fall of 1957, the University commissioned Haida carver Bill Reid to undertake the project. Owing to Reid's heavy workload, he suggested that George Norris be asked to help design and carve the Mace. The planning of the Mace took some time and a final design was not approved until 1959.

Norris carved the Mace from a block of yew and it included a stylized thunderbird on the thick upper portion. The Mace also featured the use of copper that was prominent in Northwest Coast native art. This copper trimming was designed and prepared by Bill Reid. Norris completed the Mace in 1959 and it was first used at the Fall Congregation where the Director of Ceremonies, Malcolm McGregor, carried it for the first time.

Today the Mace is carried by the 'Macebearer' who leads the Platform Party, which includes the Chancellor, the President, and other dignitaries, onto the stage for the Congregation ceremonies.

O CANADA

O Canada! Our home and native land,

True patriot love in all thy sons command.

With glowing hearts we see thee rise,

The true north strong and free!

From far and wide, O Canada,

We stand on guard for thee.

God keep our land glorious and free!

O Canada, we stand on guard for thee,

O Canada, we stand on guard for thee.

UBC'S IMPORTANT HISTORICAL MOMENTS

The following list reflects
15 important historical
moments in UBC's history:

1908

- Provincial legislature passes a new "University Act" establishing The University of British Columbia. It provides for a Chancellor, a Convocation, a President, and a Board of Governors to manage the university's administration, property and business affairs, and a Senate to administer academic matters.

1910

- After a province-wide survey, Point Grey is selected as the site of UBC's new campus.

1913

- Dr. Frank Fairchild Wesbrook appointed first President of UBC.

1915

- The University of British Columbia opens in temporary headquarters at the former MUCBC facilities (nicknamed the "Fairview Shacks" after the surrounding neighbourhood) adjacent to Vancouver General Hospital. There are three faculties: Arts and Science, Applied Science and Agriculture. Student enrolment in September is 379 and total number of full- and part-time faculty is 34.

1922

- Tired of over-crowded conditions and inadequate facilities, UBC students launch a campaign known as "Build the University" to resume construction at the Point Grey campus. With 56,000 names on a petition for the government, 1,200 students with floats, bands and banners march through the streets of downtown Vancouver to the Point Grey campus. This pilgrimage became known as the "Great Trek," as it successfully convinced the Government of BC to resume work on the Point Grey site. The "Great Trek" represents one of the greatest efforts of an undergraduate student body in support of its university and still reflects the spirit and pride of UBC students.

1925

- UBC moves to Point Grey campus.

1940

- Students contribute to the construction of Brock Hall, the university's first student union building.

1951

- Student initiative leads to construction of War Memorial Gymnasium, as a memorial to the British Columbians who died serving their country.

1979

- UBC awards its 100,000th degree.

1989

- UBC launches the "World of Opportunity" fundraising campaign. Its goal is to raise \$66 million in private and corporate donations, with the provincial government to provide equal matching funds, to pay for new buildings, facilities, programmes, and scholarships. By the time it ends in 1993, this overwhelmingly successful campaign raises a total of \$262 million.

1993

- U.S. President Bill Clinton and Russian President Boris Yeltsin meet at UBC during the "Vancouver Summit."
- Dr. Michael Smith receives the Nobel Prize.

1997

- Dr. Martha C. Piper becomes UBC's new President.
- The Asia-Pacific Economic Cooperation (APEC) Leaders' Meeting brings the heads of the 18 leading economies around the Pacific Rim to Vancouver. The economic leaders hold their centrepiece meeting at UBC's Museum of Anthropology. Members of the university community object to a number of APEC leaders being on the campus on human rights and moral grounds. A significant anti-APEC demonstration held at the meeting is controlled with considerable force by the RCMP.

2000

- UBC celebrates 75 years at the Point Grey campus—which has changed considerably over the years—as it confers close to 6,000 degrees to graduating UBC students.

PARTING WORDS TO UBC GRADS

THE GATES

WORDS FROM A UBC GRADUATE

Jean Coulthard, LL.D., was one of the first UBC students to study at the Point Grey campus in 1925. The following is an excerpt from her speech to the Annual Congregation of the University of British Columbia as she received an honorary degree in June 1988.

"...I'd like now to tell you just a little of my own history in relation to this splendid university. I attended First Year Arts the year the university opened on the Point Grey campus. There were no lovely gardens and planted avenues in those days. The campus itself—a few buildings—the middle section of today's library, the science, and many of what were then called "temporary buildings" (the big joke of course being that they're still in use). The grounds were a mess of building materials, rubble and just plain mud; in fact, the whole area had barely opened in time for the fall registration. Instead of the traditional pranks played on the incoming freshmen, my year found itself all commandeered to clean up the place (I vividly remember to this day a young woman who behaved exactly as a Sergeant Major, giving me a huge pail, mop, and cake of soap with orders to wash one of the floors in the mathematics building). We didn't entirely like this treatment but we nonetheless did it, as I think we all appreciated that were in at the beginning of UBC becoming a great intellectual centre in this province.

I was 17 when I came to UBC as an Arts student. I particularly remember my first course with the fine young lecturer Sally Murphy, later Mrs John Creighton. In those days we began with the poets of the First World War—Brook, Sassoon, Owen. What a magic world opened to me in these first fascinating lectures, and I'm sure that many of you can remember having the casements opened for you in a similar way. Now that you are graduating, I hope that you will find a way to extend your knowledge and inspiration to the younger generations coming along. As a teacher, this has been one of the great privileges of my life..."

Jean Coulthard passed away in the spring of 2000; she was 92 years.

TO THE MEMBERS OF THE GRADUATING CLASS OF 2002

On behalf of the Grad Class Council: Congratulations! You have achieved a distinguished goal and passed a milestone in your life.

In the days ahead, you will have the opportunity to reflect upon the years you have spent at UBC. For some, this will evoke fond memories of that favourite class or academic question. For others, the emphasis will be on the numerous life experiences encountered while attending university. Regardless of which lasting memories you take from UBC, the experience will prove invaluable in your future endeavours. New opportunities and challenges will begin to present themselves and you will be prepared to rise and meet them.

You have all had a positive impact on our campus and community. UBC's reputation and legacy will follow you forever. Cherish your experiences and memories of the friends you have made and the times you have shared. In closing, congratulations once again and please allow me to wish you all the best in the years to come.

Grad Class 2002

GRAD CLASS 2002 GIFT

As a parting gift to The University of British Columbia, the Graduating Class of 2002 will be restoring the "Signpost Flagpoles" located directly adjacent to the Northwest and Southwest corners of the Student Union Building. In the past, these poles have provided space for promotion of student and university events, in addition to providing directions to many a lost visitor. It is our sincere hope that the flagpoles be reborn into a gathering place for all members of and visitors to, the Point Grey campus.

GOODBYE, STUDENTS. HELLO, ALUMNI!

Congratulations, and welcome to an organization made up of 160,000 of your closest personal friends. When you cross the stage at convocation, the Chancellor admits you into the UBC Alumni Association, and you become a member for life.

We will keep you in touch with your alma mater through *Trek*, the Magazine of the University of British Columbia, with news and features on UBC research, teachers, students and alumni, through a quarterly e-mail newsletter, and through our on-line community.

We also organize events for you right here in Vancouver and around the world. Our Young Alumni group for recent grads meets frequently around the Lower Mainland for professional development, mentoring and just plain fun.

Our Alumni have formed branches as far away as London and Hong Kong and as close as Kamloops and Kelowna. We can put you in touch with our contact person in your new town, or, if there isn't one, you can take on the job of forming a branch yourself.

Our membership card, the Acard, offers you discounts on goods and services on campus and off, and allows you to use the UBC Library (the best library in Western Canada), absolutely free.

Remember that UBC still belongs to you and that you are still very much a part of the university through your membership in the Alumni Association. Please keep in touch.

You can reach us at 604-822-3313, or visit our Website at www.alumni.ubc.ca.

A SINCERE "THANK YOU" TO GRADS

UBC strives to give students access to the best faculty, dynamic and topical programs of study, the latest resources and technology, and top-notch services and assistance.

Many of these items are made available through the generosity of alumni and friends of the university. For example, more than 20,000 donations were received last year, totalling \$67 million. While basic support for university operations comes from tuition fees and the government, donors are key partners in helping UBC explore and provide new opportunities for students.

We are proud to have our alumni's strong support. In fact, *Maclean's* magazine ranked UBC 5th among universities throughout Canada in terms of alumni support in 2001—behind the leaders only by a very small margin.

This tradition of alumni support begins with our graduating students. UBC's Class Act initiative helps students to work together to fundraise for a special parting gift from their graduating class to their Faculty or School. In past years, these gifts have included computer equipment, furniture for student social spaces, speaker endowments and scholarships.

The university wishes to express its appreciation to this year's Class Act participants, and to others who have demonstrated their commitment to the ideals of the university. Your generosity contributes immeasurably to the vitality and strength of UBC.

For further information about gifts to UBC, please contact the Development Office at (604) 822-8900, or visit our website (www.supporting.ubc.ca).
