42-43

My congratulations to all the members of this year's graduating class! You have achieved an important milestone in your journey towards your chosen career, and justified the confidence of family, friends, and teachers in your ability to succeed.

From my own experience, I know that success is sometimes accompanied by uncertainty about the true nature of one's abilities or the value of one's accomplishments. Yes, the new graduate may be tempted to say, I have passed all my courses, and yes, I have a degree—but do I really have what it takes to succeed in my chosen profession, especially when there are thousands of others with similar qualifications who may be competing with me for the same jobs?

Such doubts are perfectly understandable, especially at a time of recession and widespread economic uncertainty. Yet I would encourage you all to be optimistic about your future. You do have what it takes to succeed. Your education at UBC has given you a priceless advantage by giving you the skills and knowledge that will single you out and lift you above the crowd. You have developed the critical and analytical abilities needed to think strategically, to look at the world in new and original ways, and to find solutions where others see only problems.

## PRESIDENT'S MESSAGE

There is a small stone gate at the entrance to the University that has been there since the ground was first broken at the Point Grey campus. It's weathered now, and covered in ivy, and many of you may have spent your four or five years here never knowing it was there. But whether you knew it or not, you entered through that gate on your first day of studies and in doing so, you crossed a threshold from one part of your life into the next. You chose a rite of passage that few undertake. But you are here today, possessed of the knowledge and skills—and the new aspects of your very self—that only that particular passage can confer.

We are here today—the most important day of the academic year—to mark the moment when you cross that threshold again. This ceremony is the end of a long and rigorous preparation, and the beginning of all that you have prepared for: service, contribution, responsibility, discovery, dreams made real.

Eleanor Roosevelt said, "You must do the thing you think you cannot do." Alice in Wonderland's Queen in fact recommended six impossible things before breakfast. And you know now that you can do impossible things, because you have done them: rowed at 4:00 a.m.; marched from B-lot to Buchanan; found a lifelong friend in a packed lecture hall; written three exams in a day; sung an aria; traded social time for the study hall again and again. Discovered the world in a single particle. Discovered parts of yourself you didn't know were there when you were called upon to read, to speak, to speak out, to serve ... to change.

And I expect this experience has changed you. I hope so. Whether you knew it or not when you passed through that gate, you

Statistics show that post-secondary education is a key factor in personal and career advancement, even at times of economic difficulty. On the material level, it has been calculated that the possession of a degree brings university graduates much greater lifetime earnings than their counterparts who did not pursue higher education. A degree is not a ticket to an easy job—one must earn one's salary in any position—but at the same time, your degree from one of the country's best universities will open doors and create opportunities for you to advance in your chosen field.

So regardless of the opportunities and challenges that lie ahead, don't allow yourself to settle for something less than the goals you have set for yourself. Remember that in your time at UBC you have acquired skills and knowledge that give you real advantages. Be confident in your own abilities. Keep working towards your objectives, and remember the words of Henry David Thoreau: "Success usually comes to those who are too busy to be looking for it."

Sarah Morgan-Silvester

Chancellor

came here to change—not your self but your future and all the possibilities it holds for you. So now you number among the more than 250,000 artists, educators and entrepreneurs, parliamentarians and opera singers, architects, doctors and journalists who call UBC their alma mater. You have acquired critical tools and professional skills, the ability to develop and communicate your ideas and an understanding of other communities and cultures that will enable you to do even more of what others consider impossible: to seek solutions, to lead the way, to change the future.

I hope you will look back on your time here with pleasure, and that you will make UBC a part of your future in some small way. You will always be welcome here, and we look forward to hearing about your personal and professional achievements as you build on the foundation provided by your UBC degree.

Before you exit through that gate today, remember for a moment the person you were when you first arrived, and say thank you. You said yes then to a future you could hardly imagine, and today you have arrived at its beginning. Let me thank you, too: for your contribution to UBC, and for all the contributions you will make beyond these gates as a result of your time here.

To the graduating class of 2009, my thanks, and my warmest congratulations!

## MUSQUEAM WELCOME

On behalf of the Musqueam Indian Band, the Musqueam Band Council welcomes the University of British Columbia's new graduates, their families and friends to the 2009 Annual Fall Congregation.

We are pleased to honour the graduates and extend our congratulations to each and every one of you. We are especially pleased to extend our welcome and congratulations to the increasing number of First Nations students who visit the university, and our traditional lands, for their education.

The accomplishments and contributions of each individual student build the foundation for their future as well as the future of the university and the larger community. These individual accomplishments reflect the talent and diversity among you. Today, the feeling of pride and accomplishment to accompany the completion of your course of study will add to each student's confidence in moving on to the next endeavour.

The University of British Columbia is situated within the heart of Musqueam Traditional Territory. These lands have always been a place for learning. In previous centuries, what is now the UBC campus was a centre for learning for Musqueam youth, who were instructed in culture, history, and tradition, and who in turn

shared their knowledge with a new generation. Belief, knowledge, ritual, technological practices, were all handed down here from generation to generation – just as they are today to students from diverse communities and backgrounds.

Musqueam thanks the University of British Columbia and President Stephen Toope for continuing to recognize these lands and the tradition of learning associated with them as an integral part of the history and well being of the Musqueam community. We also thank UBC for continuing to seek a partnership with Musqueam as co-host for special initiatives and ceremonies.

We are pleased that our lands continue to be a place for learning and sharing. We are supportive of the university's many programs and initiatives to form partnerships with the Musqueam and other First Nations communities. Education brings us all together, and each of the students convocating today is an inspiration to us all. It is our hope that after graduation you will continue contributing to the university, to our communities, to the well being of society and in doing so you will bring about positive change.

Congratulations to all University of British Columbia 2009 Graduates. We wish you further success for your future.

## DESCRIPTION OF PRESIDENT'S STOLE

"The Salish people are well known for being beautiful weavers along the west coast. Their weavings were used for clothing, sitting mats, and gifts. They also indicate wealth; the more blankets and gifts you gave away shows everyone your wealth.

I decided to design and weave the stole for the sole purpose in sharing the importance and wealth of the Salish people here at Musqueam. It's now a gift for the President and the students at UBC to share with each other. I hope it also relays the significance of sharing amongst each other.

The white sheep wool shows the weaving techniques still used today and the black material shows the salish form lines.

My name is Chrystal Sparrow and I come from the Musqueam Band. I'm a contemporary salish artist. My art mediums are; wood carvings, prints, jewellery, clothing and weavings. I'm working on many art pieces for 2010 at the present time."

# UBC TRADITIONS

## ACADEMIC REGALIA

The wearing of academic costume is a tradition that has persisted from the Middle Ages, when the first Universities were founded. The regalia vary slightly from one University to another, and within a University, according to the status of the wearer.

The colours for the degrees are as follows:

<b>Ph.D.</b>	The regalia of the Ph.D. consists of a maroon gown front panel & sleeves of university blue with gold piping; a hood of blue silk outside with gold lining; a hat, decanal bonnet of maroon silk with gold cord and tassel.
<b>Ed.D.</b>	The Ed.D. regalia consists of a black gown with front panel and sleeves of university blue with gold piping; a hood of light blue with chevron of university blue, white and gold; a hat, decanal bonnet of black with gold cord and tassel.
<b>Pharm D.</b>	Pharm D. regalia consists of a black gown with front panel and sleeves of olive green with gold piping; a hood of university blue with chevron of university blue and gold; a hat, decanal bonnet of black with gold cord and tassel.
<b>D.M.A.</b>	The D.M.A. regalia consists of a black gown front panel and sleeves of university blue with gold piping; a hood of pink with chevron of university blue and gold; a hat, decanal bonnet of black with gold cord and tassel.

At the University of British Columbia, the undergraduate's and Master's gown are black. The Bachelor's hood is edged with the distinctive colour. The Master's hood is the same as the Bachelor's, except that it is lined with the distinctive colour.

## CONGREGATION OR CONVOCATION?

---

People often ask why UBC calls its graduation ceremonies "Congregation". There are no records to say why this term was originally adopted but it has been used by UBC since its first graduation ceremonies in 1916 and is believed to originate from its use in English institutions such as Oxford and Cambridge. According to Wikipedia, "a congregation is an assembly of people for a given purpose; with respect to a university, it is a formal meeting of senior members of the University. Examples include the Regent House in the University of Cambridge and the House of Congregation and the Ancient House of Congregation in the University of Oxford. Stemming from this tradition, in some universities a graduation ceremony is known as a congregation, even if the ceremony is not a meeting of the university's governing body in the traditional sense."

For whatever reason, UBC adopted this term for its graduation ceremonies in 1916 and has used it ever since when inviting faculty, students and guests to the Annual and more recently the Spring and Fall graduation ceremonies. UBC is unique amongst Canadian institutions in that it appears to be the only institution that still uses this term.

The term 'Convocation' at UBC is more often used to describe a group of people – *defined by the University Act* – including the Chancellor, President, members of the Senate, all faculty members and all graduates of the University. The Convocation, through the Chancellor who serves as its chair, confers degrees, including honorary degrees, and awards diplomas and certificates of proficiency.

In Fall 2007, UBC Vancouver Senate reconfirmed its preference to maintain the tradition of using the term 'Congregation' for its graduation ceremonies. In Spring 2008, the UBC Okanagan Senate passed a motion that "Convocation be adopted as the name for meetings of the UBC convocation held at UBC Okanagan for the purposes of conferring degrees, effective June 2008."

Did you know....

- UBC's first Congregation ceremony took place on May 4, 1916 in the Hotel Vancouver ballroom. There were 41 graduates.
- UBC's first graduate degrees were conferred in 1919. The first degrees in Agriculture were conferred in 1921 and the first Bachelor of Applied Science in Nursing and Forestry degrees were awarded at the eighth Congregation in 1923.
- Every year since 1979, the graduating class has planted a tree on campus.
- The first Congregation ceremony on the present day campus was held in 1927.

## THE UNIVERSITY MACE

---

The University Mace is a symbol of the authority of the Chancellor. It is displayed on ceremonial occasions, most notably during the congregation ceremonies but also during the Installation of a President or Chancellor.

In the fall of 1957, the University commissioned Haida carver Bill Reid to undertake the project. Owing to Reid's heavy workload, he suggested that George Norris be asked to help design and carve the Mace. The planning of the Mace took some time and a final design was not approved until 1959.

Norris carved the Mace from a block of yew and it included a stylized thunderbird on the thick upper portion. The Mace also featured the use of copper that was prominent in Northwest Coast native art. This copper trimming was designed and prepared by Bill Reid. Norris completed the Mace in 1959 and it was first used at the Fall Congregation where the Director of Ceremonies, Malcolm McGregor, carried it for the first time.

Today the Mace is carried by the 'Macebearer' who leads the Platform Party, which includes the Chancellor, the President, and other dignitaries, onto the stage for the Congregation ceremonies.

## O CANADA

---

Our home and native land!  
True patriot love in all thy sons command.

With glowing hearts we see thee rise,  
The True North strong and free!

From far and wide,  
O Canada, we stand on guard for thee.

God keep our land glorious and free!  
O Canada, we stand on guard for thee.

O Canada, we stand on guard for thee.

Terre de nos aïeux,  
Ton front est ceint de fleurons glorieux!

Car ton bras sait porter l'épée,  
Il sait porter la croix!

Ton histoire est une épopée  
Des plus brillants exploits.

Et ta valeur, de foi trempée,  
Protégera nos foyers et nos droits.

Protégera nos foyers et nos droits..

# UBC'S IMPORTANT HISTORICAL MOMENTS

The following list reflects  
22 important historical  
moments in UBC's history:

## 1908

- Provincial legislature passes a new "University Act" establishing The University of British Columbia. It provides for a Chancellor, a Convocation, a President, and a Board of Governors to manage the university's administration, property and business affairs, and a Senate to administer academic matters.

## 1910

- After a province-wide survey, Point Grey is selected as the site of UBC's new campus.

## 1913

- Dr. Frank Fairchild Wesbrook appointed first President of UBC.

## 1915

- The University of British Columbia opens in temporary headquarters at the former MUCBC facilities (nicknamed the "Fairview Shacks" after the surrounding neighbourhood) adjacent to Vancouver General Hospital. There are three faculties: Arts and Science, Applied Science and Agriculture. Student enrolment in September is 379 and total number of full- and part-time faculty is 34.

## 1922

- Tired of over-crowded conditions and inadequate facilities, UBC students launch a campaign known as "Build the University" to resume construction at the Point Grey campus. With 56,000 names on a petition for the government, 1,200 students with floats, bands and banners march through the streets of downtown Vancouver to the Point Grey campus. This pilgrimage became known as the "Great Trek," as it successfully convinced the Government of BC to resume work on the Point Grey site. The "Great Trek" represents one of the greatest efforts of an undergraduate student body in support of its university and still reflects the spirit and pride of UBC students.

## GRAD CLASS 2009 GIFT

Dear Graduates of 2009,

First and foremost, on behalf of the Grad Class Council I would like to congratulate all of you on receiving your undergraduate degree. You all have faced many trials and tribulations and overcame many challenges on your undergraduate journey. All the long nights spent on studying for midterms and writing term papers contributes to this special and joyous day: a day of celebration that we will remember for the rest of our lives. But as much as this is a day of celebration for ourselves, it is also a day of celebration for those people who have supported us along the way. I would like to thank all the parents who have accompanied us on this journey, like my mother, who has made many sacrifices and been the constant stabilizing force in my life. I would also like to thank the university, for not only providing us the opportunity to learn and advance our education, but also for providing us with an environment that facilitates personal growth and maturation. Most of us entered this university as wide-eyed adolescents, but today we leave here as mature adults. As a token of appreciation for the university, I would like to present the grad class gift from the class of 2009.

The grads of 2009 have decided to contribute \$8800 to the UBC Centre of International Health, \$4700 to the UBC Global Health Initiative, and \$6600 to the UBC Agape Club. It is our hope that these gifts fund creative campus initiatives that support social justice, sustainability, and volunteer programs. In closing, I wish all of the grads of 2009 best of luck in their future endeavors.

Hao Chen

Grad Class Council President

## A SINCERE "THANK YOU" TO GRADS

---

UBC strives to give students access to the best faculty, dynamic and topical programs of study, the latest resources and technology, and top-notch services and assistance.

Many of these items are made available through the generosity of alumni and friends of the university. While basic support for university operations comes from tuition fees and the government, donors are key partners in helping UBC explore and provide new opportunities for students.

We are proud to have our alumni's strong support. This tradition of alumni support begins with our graduating students. UBC's Class Act initiative helps students to work together to fundraise for a special parting gift from their graduating class to their Faculty or School. In past years, these gifts have included computer equipment, furniture for student social spaces, speaker endowments and scholarships.

The university wishes to express its appreciation to this year's Class Act participants, and to others who have demonstrated their commitment to the ideals of the university. Your generosity contributes immeasurably to the vitality and strength of UBC.

For further information about gifts to UBC, please contact the Development Office at 604-822-8900, or visit our website [www.supporting.ubc.ca](http://www.supporting.ubc.ca).
