NOVEMBER 23-25

THE CHAN CENTRE FOR THE  
PERFORMING ARTS

TUUM EST

Dear Graduand,

Your graduation began long before this day.

It began when you made the choice to study that extra hour, dedicate yourself more deeply, and strive to reach for the degree you had chosen to fully commit your life to pursuing.

Many of the people that helped you arrive here today are seated beside you—friends, family, classmates—while others are thinking of you from afar.

We are honoured to have given you a place to discover, inspire others and be challenged beyond what you thought was possible.

We hope you know, we will always be that place for you.

Yours,

UBC

The UBC graduation journey has been forged by the spirit of the university's motto, *Tuum Est*, (meaning 'it is yours') since 1915. Today, you, the graduating class of 2016, now shape UBC's history by making it your own.

## 1916

One of the first graduating classes was the Arts Class of 1916 pictured here at a party at the home of Mary Wilons. In UBC's first year, there were only three faculties: Arts, Applied Science and Agriculture with 379 registered students and 34 faculty members.

## 1920s

The twenties saw the student-led Great Trek to claim UBC's Point Grey campus and establish the university as a place of mind for students the world over. The AMS incorporated as a non-profit society and the university began awarding its first graduate degrees to students. In the *Ubysey*, published in September 23, 1925, students described the new campus with a sense of wonder: "We are dazed with the appearance of architectural cleanliness and bewildered by our lineal freedom."

## 1940s

The forties were an era of tremendous change at the university as both students and faculty embraced the war effort. In 1943, new President Norman Mackenzie began in earnest to expand the university and new departments were formed along with new buildings to house them including Brock Hall, the first student union building. By the 1950's, UBC had established itself as a comprehensive university and top choice for students in BC and beyond.

## 1960s

Student numbers continued to escalate alongside the scholarly activities that began to define UBC as a leader in research. The campus was alive with sixties counterculture and a sixth president of UBC was elected by the name of Dr. Walter Gage. New student residences were created to respond to the expanding student body as well as a new student union building. Students gain influence at the university and are elected to the University Board of Governors for the first time.

## 1980s

With over 34,000 students registered at the beginning of the eighties, UBC began attracting scholars from all over the world. Engineering students were in the news frequently for their pranks, which included the famous Ladner Clock Tower stunt in which students pulled off hoisting a white Volkswagen Bug onto the top of the tower. Dr. Martha Piper was elected President in 1997 and ushered in an era of international engagement that saw UBC step onto the world stage as an educator and global centre for research excellence.

## 2016

Close to 13,000 students will become the Class of 2016. They will go on to join the over 320,000 alumni who have successfully graduated from UBC and continue their journey as treasured members of the UBC community.

The University Mace is a symbol of the authority of the Chancellor. It is displayed on ceremonial occasions, most notably during the congregation ceremonies but also during the Installation of a President or Chancellor.

#### THE UNIVERSITY MACE

In the fall of 1957, the University commissioned Haida carver Bill Reid to undertake the project. Owing to Reid's heavy workload, he suggested that George Norris be asked to help design and carve the Mace. The planning of the Mace took some time and a final design was not approved until 1959.

Norris carved the Mace from a block of yew and it included a stylized thunderbird on the thick upper portion. The Mace also featured the use of copper that was prominent in Northwest Coast native art. This copper trimming was designed and prepared by Bill Reid. Norris completed the Mace in 1959 and it was first used at the Fall Congregation where the Director of Ceremonies, Malcolm McGregor, carried it for the first time.

Today the Mace is carried by the 'Macebearer' who leads the Platform Party, which includes the Chancellor, the President, and other dignitaries, onto the stage for the Congregation ceremonies.

#### THE PROCESSION

Chancellor Lindsay Gordon shakes the hand of every student that crosses the stage—that's over 10,000 students each year. This handshake signifies the transition between student and graduate.

#### REGALIA COLOURS

The hoods, gowns and hats worn by graduates are lined with colours to indicate the degree to be conferred, a tradition dating back to the Middle Ages when the first universities were founded.

#### GRAD CLASS LEGACY

UBC students have created a rich legacy of gifts and donations to the UBC Vancouver campus. Since 1919, the graduating class has held a Tree Planting Ceremony on campus.

The 2016 Grad Class tree is a London Plane Tree (*Platanus acerifolia*), located at the Northwest corner of East Mall and University Boulevard.

The tradition of the Grad Class Gift to the University began in 1926 with the presentation of a trophy case designed to house athletic and literary awards. Since that time, each successive graduating class has chosen a gift or series of gifts to enhance the campus.

The 2016 Grad Class is donating just over \$20,000 toward the design and installation of an outdoor, three-dimensional sign for the AMS Student Nest. The sign will be housed on the knoll and stand as a point of welcome for the thousands of students, staff, faculty, alumni, and visitors who regularly visit the building.

On behalf of the 320,000 alumni of the University of British Columbia, I am honoured to extend my congratulations to all graduating students, and to welcome all of those who have supported you on this transformational journey.

Indeed, today is a day for great celebration. Not only have you successfully completed degree requirements at one of the world's finest universities, you have the added distinction of being among the first graduates of UBC's second century.

As our university enters its 101st year, my message to you is about the importance of trust, and your role in building trust as you embark on a new and exciting phase of your life.

What is trust? Trust is a firm belief in the integrity, ability, reliability and character of a person, a group or an institution. Trust forms the most important foundation of all relationships you have now and those you will have in the future. Recent history around the world has witnessed declining trust, a growing and the rise of populism. There is growing resentment towards existing institutions, whether in business, government or the social sector.

The role and importance of trust in all your engagement efforts cannot be under-estimated. Without a consistent effort to foster trust and mutual respect and to build strong relationships at every step of the way, even the most thoughtful engagement processes will either fail or fall short of the success you seek to achieve.

To build trust, you need to communicate effectively; show respect for others' opinions; be open in your engagement processes, and share information widely. Effective engagement and trust require that everyone involved is working from a common understanding of the issue and each other's perspectives as much as possible. Irrespective of what path you choose, your ability to build and foster trust will have a huge impact on the journey you are now embarking on.

At the same time, ensure that you pursue your passion, whatever that may be, and remember to be flexible and open to new opportunities. Continue to work hard, be persistent, be imaginative, learn from your mistakes, stay focused, stay healthy, and always make time for the people you love.

I sincerely hope that you will continue your life-long learning journey by staying connected to UBC and taking advantage of the programs and services offered to alumni.

Once again, on behalf of UBC graduates throughout the world, I extend warmest congratulations and sincere best wishes.

— LINDSAY GORDON, BA'73, MBA'76

# Your graduation today from the University of British Columbia signals an important milestone in your personal lives and in the lives of those who have supported you in your educational efforts.

We all applaud you on your accomplishments and celebrate with you the importance of this special occasion.

As new graduates, you are joining a large group of remarkable men and women who have preceded you through this ceremony.

UBC has grown over the last 100 years, from a provincial institution with just 379 students to an internationally renowned research powerhouse with 60,000 students and more than 320,000 alumni across the globe. Wherever they may be, our talented graduates are building upon their education to contribute to the wellbeing of their fellow citizens and find solutions to the many problems that afflict both the natural world and human society.

Certainly, a multitude of challenges await you. Your time at UBC has coincided with some momentous events: from the war in Syria and the massive refugee crisis that it precipitated, to devastating natural disasters like the wildfires that swept through Fort McMurray earlier this year destroying thousands of homes. Such dramatic developments are a painful reminder of the fragility and vulnerability of our world, and may leave us feeling inadequate or helpless in the belief that we can have little or no influence on the crises and calamities that face humanity and the natural environment.

At this moment, however, as you begin a new stage in your life and experience, you should recognize that you can and will make a difference, because like the UBC graduates who have gone before you, you possess the knowledge and skills that are conferred by a good education.

At every level and in every course you've taken here, you have been exposed to the rigours of critical thinking, to the complexities of problem-solving, and to the need for risk-taking and imagination in the creation of new ideas. You have developed strong communication skills in a variety of media, and learned the value of teamwork and collaboration. You have encountered people and ideas from

a wide variety of backgrounds, in the process acquiring a new understanding of cultures and traditions that differ from your own.

As you cross the boundary between life as a student and life as an engaged and contributing member of society, do not be afraid to take up the challenges that await you; you will have many opportunities to turn your hard-earned expertise and knowledge to good use, to become involved in your society, and to offer your ideas and solutions with the confidence that they will be heard and respected.

UBC takes great pride in its graduates, a pride reflected in the splendid Robert H. Lee Alumni Centre that sits close to the Nest. The building stands as a tribute to our tens of thousands of alumni, and as a reminder that UBC graduates are still members of the university through their membership of Convocation. Please stay in touch and visit us from time to time; as President Wesbrook reminded UBC students over a century ago, this place is yours — *tuum est!*

## **O CANADA**

O Canada

Our home and native land!

True patriot love in all thy sons command.

With glowing hearts we see thee rise,

The True North strong and free!

From far and wide,

O Canada, we stand on guard for thee.

God keep our land glorious and free!

O Canada, we stand on guard for thee.

O Canada, we stand on guard for thee.

Welcome, Class of 2016, to your new and honoured place among more than 320,000 UBC alumni in 140 countries. That's a powerful network you can leverage to build your life and make a real difference.

Many students don't realize that when you graduate from UBC, you automatically become a member of *alumni UBC* and your relationship with the University enters a whole new phase.

You might be surprised at just who your fellow alumni are, and their levels of accomplishment, influence and contribution to society. No matter where you go, you will find yourself in the company of amazing people who are making a real difference in the world—educators, artists, doctors, nurses, business and community leaders—UBC grads who will be your role models, mentors, colleagues and friends.

*alumni UBC* will help you connect through our email updates, website and social networks. You can participate in our mentoring, cultural, education and career-building programs, here in Vancouver and around the world through alumni networks as far away as London, Hong Kong and Seoul or as close as Victoria, Calgary and Toronto.

On the Vancouver campus, the Robert H. Lee Alumni Centre is your alumni home for life, where you will always be welcome to make alumni connections, attend events, or book your own meetings or celebrations. After the ceremony today, be sure to come celebrate with your friends and family at the Graduation Welcome Reception hosted at the Robert H. Lee Alumni Centre. You can pick up your free *alumni UBC* A-Card and find yourself on the Interactive UBC Alumni Wall too.

Remember our motto: *Tuum Est* (it's yours). UBC is still yours. It will always be yours. So reach out. Stay in touch. Ask for help when you need it. Lend a hand when you can. To learn more, visit [alumni.ubc.ca](http://alumni.ubc.ca).

Best wishes for the future,

— JEFF TODD
