Many congratulations on your achievement! Your graduation today from The University of British Columbia signals an important milestone in your personal lives and the lives of those who have supported you in your educational efforts. In achieving this significant goal, you have demonstrated the commitment, creativity, and talent you will need to succeed in your chosen career. The entire UBC community applauds you on your accomplishments and celebrates with you the importance of this momentous occasion.

You are the leaders of tomorrow — you will chart the course for the next generation of writers, artists, business and health professionals, engineers, lawyers, humanists, scientists and teachers. Wherever you choose to make your contribution, you will shape society's actions and exert a powerful influence on the coming generations. As you prepare to assume these roles, I hope you will remember the critical role that The University of British Columbia has played in your preparation...that you will remember how much you have learned at your alma mater. You will use that knowledge to find solutions to some of our most pressing problems. And by so doing, you will ensure that the values we cherish as Canadians are preserved and advanced.

Higher education today is as much about collaboration as it is about individual learning, and over the course of your studies here you will have discovered the value of working collaboratively, of being part of a "team." Whether in sports or in a profession, teamwork directs individual abilities towards meeting objectives successfully by pooling everyone's knowledge and skills. This principle will be key to your success in your chosen career; as you move from the classroom into the workplace, you will take with you an understanding of the power of teamwork to overcome all obstacles and achieve any goal.

MESSAGE FROM THE PRESIDENT AND VICE-CHANCELLOR — STEPHEN J. TOOPE

---

In the aftermath of the bombing of Pearl Harbour, 22,000 Japanese-Canadians were forcibly removed from their homes and communities and interned in prison camps for the duration of World War II. Seventy-six of them were UBC students. Their studies were cut short and their graduation day taken from them by a University that bowed to racism and fear, and failed to live up to its own vision.

The internment irrevocably altered the course of these students' lives, and because of family or financial circumstances, few of them were able to complete their studies, even after the end of the war. Seventy years later, these students and their family members stand side by side with the Class of 2012. On May 30, they receive their UBC degrees.

I consider it an honour to share the stage with each graduating student. Although I do it thousands of times each year, each time is unique. That moment is my opportunity to acknowledge the critical tools and professional skills the student has acquired at UBC, the ability he or she has developed to communicate ideas and understanding of other communities and cultures, and the capacity he or she has built for leadership, for change, and for seeking solutions to the worst of the world's problems.

This year, I will also be acknowledging 76 students' courage in the face of enormous hardship and loss; their willingness to give of their innate intelligence and wisdom to a community and a country

If this seems an overly optimistic prospect, think about how far you have already come, how much you have grown, and what you are part of. As students, and now as graduates, you are valued members of our vibrant UBC community. I invite you to maintain your relationship with the university to which you have already dedicated so much time, hard work, and energy. With 260,000 graduates spread over 120 countries, the Alumni Association is an invaluable resource for you as you embark on your career. I urge you to take advantage of and contribute to this extraordinary community of alumni who began their professional lives at UBC, and who form a network that stretches around the world and crosses all disciplines.

Graduation day is an opportunity for you to reflect on the past and look ahead to the future. This event may well signal a significant change of direction in your life. Whatever direction you choose to take, the knowledge and skills that you have developed here will stand you in good stead, not only in your professional life but also as a contributing member of society. Wherever you may find yourself in the years to come, I hope you will remember your time at UBC with pleasure, and that you will be proud of your association with one of the world's great universities.

Finally, I wish to extend warmest congratulations to the 76 Japanese Canadian students who suffered through blind injustice in the dark days of World War Two. We take inordinate pleasure and pride in celebrating your contributions as citizens of Canada and in officially welcoming you as alumni. It is my sincere hope that your long overdue graduation day is a particularly joyous occasion for you and your families and that, like all alumni, you will cherish the knowledge that UBC is, and will forever be, your university.

Tuum est.

that denied them a formal university education; and the triumph of their essential decency over injustice—their leadership, in other words—their capacity to effect change, and their gracious responses to one of the world's worst problems. Those qualities were exemplified in the exhortation of one Japanese-Canadian woman to her children after their UBC education was cut short and their beloved father was taken away: *Shoganai*<sup>1</sup> she said. *Proceed*.

One of Western culture's most cherished ideas is that it's never too late. "It's never too late to be what you might have been," said George Eliot. "It is never too late to give up our prejudices," said Henry David Thoreau. "The time for action is now," said Antoine de Saint-Exupéry: "It's never too late." I hold firm to the hopefulness of this idea, even as I recognize that for some things, the time has passed. UBC's current leadership cannot right all the wrongs committed in the past, but it is not too late to redress them. In addition to the awarding of degrees, UBC's Faculty of Arts will establish an Asian-Canadian Studies Program, and UBC Library will create an archive of materials relating to this period in the University's history.

Stephen Toope

<sup>1</sup> *Shoganai* translates as "it can't be helped." It is a common Japanese phrase used to express the need for acceptance in the face of insurmountable difficulties. This detail is taken from the documentary *A Degree of Justice*.

## MUSQUEAM WELCOME

---

On behalf of the Musqueam Indian Band, the Musqueam Band Council welcomes the University of British Columbia's new graduates, their families and friends to the 2012 Annual Spring Congregation.

We are pleased to honour the graduates and extend our congratulations to each and every one of you. We are especially pleased to extend our welcome and congratulations to the increasing number of First Nations students who visit the university, and our traditional lands, for their education.

The accomplishments and contributions of each individual student build the foundation for their future as well as the future of the university and the larger community. These individual accomplishments reflect the talent and diversity among you. Today, the feeling of pride and accomplishment to accompany the completion of your course of study will add to each student's confidence in moving on to the next endeavour.

The University of British Columbia is situated within the heart of Musqueam Traditional Territory. These lands have always been a place for learning. In previous centuries, what is now the UBC campus was a centre for learning for Musqueam youth, who were instructed in culture, history, and tradition, and who in turn

shared their knowledge with a new generation. Belief, knowledge, ritual, technological practices, were all handed down here from generation to generation – just as they are today to students from diverse communities and backgrounds.

Musqueam thanks the University of British Columbia and President Stephen Toope for continuing to recognize these lands and the tradition of learning associated with them as an integral part of the history and well being of the Musqueam community. We also thank UBC for continuing to seek a partnership with Musqueam as co-host for special initiatives and ceremonies.

We are pleased that our lands continue to be a place for learning and sharing. We are supportive of the university's many programs and initiatives to form partnerships with the Musqueam and other First Nations communities. Education brings us all together, and each of the students convocating today is an inspiration to us all. It is our hope that after graduation you will continue contributing to the university, to our communities, to the well being of society and in doing so you will bring about positive change.

Congratulations to all University of British Columbia 2012 Graduates. We wish you further success for your future.

## DESCRIPTION OF PRESIDENT'S STOLE

---

The Salish people are well known for being beautiful weavers along the west coast. Their weavings were used for clothing, sitting mats, and gifts. It also indicates wealth; the more blankets and gifts you gave away shows everyone your wealth.

I decided to design and weave the stole for the sole purpose in sharing the importance and wealth of the Salish people here at Musqueam. It's now a gift for the President and the students at UBC to share with each other. I hope it also relays the significance of sharing amongst each other.

The white sheep wool shows the weaving techniques still used today and the black material shows the salish form lines.

My name is Chrystal Sparrow and I come from the Musqueam Band. I'm a contemporary salish artist. My art mediums are; wood carvings, prints, jewellery, clothing and weavings.

## THE UNIVERSITY MACE

---

The University Mace is a symbol of the authority of the Chancellor. It is displayed on ceremonial occasions, most notably during the congregation ceremonies but also during the Installation of a President or Chancellor.

In the fall of 1957, the University commissioned Haida carver Bill Reid to undertake the project. Owing to Reid's heavy workload, he suggested that George Norris be asked to help design and carve the Mace. The planning of the Mace took some time and a final design was not approved until 1959.

Norris carved the Mace from a block of yew and it included a stylized thunderbird on the thick upper portion. The Mace also featured the use of copper that was prominent in Northwest Coast native art. This copper trimming was designed and prepared by Bill Reid. Norris completed the Mace in 1959 and it was first used at the Fall Congregation where the Director of Ceremonies, Malcolm McGregor, carried it for the first time.

Today the Mace is carried by the 'Macebearer' who leads the Platform Party, which includes the Chancellor, the President, and other dignitaries, onto the stage for the Congregation ceremonies.

**"STEPS" FORWARD** supports young adults with intellectual disabilities in auditing courses and participating in campus activities at colleges and universities in British Columbia.

Over a 4-5 year period these young adults are supported in the educational, athletic, social and other life-defining challenges of student life in the same post-secondary environment as their non-disabled peers. (see [www.STEPS-Forward.org](http://www.STEPS-Forward.org))

## UBC'S IMPORTANT HISTORICAL MOMENTS

The following list reflects  
23 important historical  
moments in UBC's history:

### 1908

- Provincial legislature passes a new "University Act" establishing The University of British Columbia. It provides for a Chancellor, a Convocation, a President, and a Board of Governors to manage the university's administration, property and business affairs, and a Senate to administer academic matters.

### 1910

- After a province-wide survey, Point Grey is selected as the site of UBC's new campus.

### 1913

- Dr. Frank Fairchild Wesbrook appointed first President of UBC.

### 1915

- The University of British Columbia opens in temporary headquarters at the former MUCBC facilities (nicknamed the "Fairview Shacks" after the surrounding neighbourhood) adjacent to Vancouver General Hospital. There are three faculties: Arts and Science, Applied Science and Agriculture. Student enrolment in September is 379 and total number of full- and part-time faculty is 34.

### 1922

- Tired of over-crowded conditions and inadequate facilities, UBC students launch a campaign known as "Build the University" to resume construction at the Point Grey campus. With 56,000 names on a petition for the government, 1,200 students with floats, bands and banners march through the streets of downtown Vancouver to the Point Grey campus. This pilgrimage became known as the "Great Trek," as it successfully convinced the Government of BC to resume work on the Point Grey site. The "Great Trek" represents one of the greatest efforts of an undergraduate student body in support of its university and still reflects the spirit and pride of UBC students.

## START AN EVOLUTION

---

UBC generates ideas that start evolutions. Ideas that change the way people think and the way the world works. We see this change as an evolution, one that improves upon what has come before and inspires the generations that follow.

In Fall 2011, UBC launched the most ambitious alumni engagement and fundraising campaign in Canadian history. The aim of the campaign is to actively engage 50,000 alumni annually in the life of the university and to raise \$1.5 billion by 2015.

You can help start an evolution through involvement and investment. This can be as simple as reconnecting with UBC or as generous as making a donation.

We invite you to get involved and combine your energy with ours. Together with UBC, you can help create solutions for the issues you care about. This is your opportunity to make a contribution with long lasting effects. This is your chance to help start an evolution and support thinking that can change the world.

To find out more about how you can get involved, please go to [startanevolution.ca](http://startanevolution.ca)

A Japanese Canadian Students Fund was created to honour the students on the 70th anniversary of their forced removal from BC. The fund will be used to support educational programs at UBC to insure that what happened to them will never be forgotten.

## HONORARY DEGREE CEREMONY FOR JAPANESE CANADIAN STUDENTS OF 1942

UBC welcomes a special group of students into the alumni community this year.

In 1942, 21,000 Japanese Canadians were uprooted and exiled from the B.C. coast. Among this group were 76 UBC students who were an integral part of the university community - attending classes, studying in the library, playing on sports teams, joining student clubs, and serving in UBC's Canadian Officers Training Corps (C.O.T.C).

The upheaval of 1942 changed the course of the students' lives. Few were able to complete their studies after the war while some attended universities in eastern Canada.

It has been 70 years since these students attended UBC. The University is recognizing the injustice they endured and honouring them. UBC is awarding honorary degrees to the Japanese Canadian students whose education was disrupted in 1942 and re-conferring degrees on those who graduated but may have been unable to attend their graduation ceremony.

Welcome back!

## SHADOW CATCH

Benton Roark, DMA Candidate, *composer*

Daphne Marlatt, *librettist*

Yulia Shtem, *costume designer*

This libretto has been strongly influenced by noh theatre, one of the earliest and still-living forms of Japanese classical theatre.

In this extract from Act Two, a young runaway looking for a place to sleep arrives at Oppenheimer Park where he settles under a tree for his first night alone. The runaway's sleep is disturbed by four ghosts that recount to him some event in the park's history. One of these is someone who seems to be an erratic park cleaner; the boy questions him. This figure reveals himself to be the spirit of a member of the Asahi ball team, the championship Japanese-Canadian team based in the park during the twenties and thirties, the pride of Powell Street's Nihonmachi. During the team's last game played at season's end in 1941, he missed a crucial fly ball. After that, the team was scattered and sent to different internment camps during the war. The boy relives that last catch with him, this time successfully.
