TUUM EST

Dear Graduand,

Your graduation began long before this day.

It began when you made the choice to study that extra hour, dedicate yourself more deeply, and strive to reach for the degree you had chosen to fully commit your life to pursuing.

Many of the people that helped you arrive here today are seated beside you—friends, family, classmates—while others are thinking of you from afar.

We are honoured to have given you a place to discover, inspire others and be challenged beyond what you thought was possible.

We hope you know, we will always be that place for you.

Yours,

UBC

The UBC graduation journey has been forged by the spirit of the university's motto, *Tuum Est*, (meaning 'it is yours') since 1915. Today, you, the graduating class of 2014, now shape UBC's history by making it your own.

## 1916

The first graduating class pictured here at the Fairview campus located near Vancouver General Hospital. In UBC's first year, there were only three faculties: Arts, Applied Science and Agriculture with 379 registered students and 34 faculty members.

## 1920s

The twenties saw the student-led Great Trek to claim UBC's Point Grey campus and establish the university as a place of mind for students the world over. The AMS incorporated as a non-profit society and the university began awarding its first graduate degrees to students. In the *Ubysey*, published in September 23, 1925, students described the new campus with a sense of wonder: "We are dazed with the appearance of architectural cleanliness and bewildered by our lineal freedom."

## 1940s

The forties were an era of tremendous change at the university as both students and faculty embraced the war effort. In 1943, new President Norman Mackenzie began in earnest to expand the university and new departments were formed along with new buildings to house them including Brock Hall, the first student union building. By the 1950's, UBC had established itself as a comprehensive university and top choice for students in BC and beyond.

## 1960s

Student numbers continued to escalate alongside the scholarly activities that began to define UBC as a leader in research. The campus was alive with sixties counterculture and a sixth president of UBC was elected by the name of Dr. Walter Gage. New student residences were created to respond to the expanding student body as well as a new student union building. Students gain influence at the university and are elected to the University Board of Governors for the first time.

## 1980s

With over 34,000 students registered at the beginning of the eighties, UBC began attracting scholars from all over the world. Engineering students were in the news frequently for their pranks, which included the famous Ladner Clock Tower stunt in which students pulled off hoisting a white Volkswagen Bug onto the top of the tower. Dr. Martha Piper was elected President in 1997 and ushered in an era of international engagement that saw UBC step onto the world stage as an educator and global centre for research excellence.

## 2014

There are 11,700 students that will become the Class of 2014. They will go on to join the over 300,000 alumni who have successfully graduated from UBC and continue their journey as treasured members of the UBC community.

The University Mace is a symbol of the authority of the Chancellor. It is displayed on ceremonial occasions, most notably during the congregation ceremonies but also during the Installation of a President or Chancellor.

#### THE UNIVERSITY MACE

In the fall of 1957, the University commissioned Haida carver Bill Reid to undertake the project. Owing to Reid's heavy workload, he suggested that George Norris be asked to help design and carve the Mace. The planning of the Mace took some time and a final design was not approved until 1959.

Norris carved the Mace from a block of yew and it included a stylized thunderbird on the thick upper portion. The Mace also featured the use of copper that was prominent in Northwest Coast native art. This copper trimming was designed and prepared by Bill Reid. Norris completed the Mace in 1959 and it was first used at the Fall Congregation where the Director of Ceremonies, Malcolm McGregor, carried it for the first time.

Today the Mace is carried by the 'Macebearer' who leads the Platform Party, which includes the Chancellor, the President, and other dignitaries, onto the stage for the Congregation ceremonies.

#### THE PROCESSION

Chancellor Sarah Morgan-Silvester shakes the hand of every student that crosses the stage—that's over 8,000 students each year. This handshake signifies the transition between student and graduate.

#### REGALIA COLOURS

The hoods, gowns and hats worn by graduates are lined with colours to indicate the degree to be conferred, a tradition dating back to the Middle Ages when the first universities were founded.

#### YOUR LEGACY GROWS

Since 1919, the graduating class has held a Tree Planting Ceremony on Campus to serve as a reminder of the class in years to come. Many of the trees along East Mall were planted by a graduating class.

The 2014 Grad Class tree is a Zelkova located at the corner of East Mall and Marine Drive. The Tree Planting Ceremony for 2014 will take place on May 24th.

# You have demonstrated excellence in your chosen academic fields, prowess on the sport's fields and made important contributions to the university community as a whole.

Warmest congratulations!

It is indeed an honour to take part in celebrating the many accomplishments of UBC students. You have demonstrated excellence in your chosen academic fields, prowess on the sport's fields and made important contributions to the university community as a whole. For this reason, I like to think of your congregation ceremony as an acknowledgement of all your successes—academic, athletic and volunteer service to your community.

The importance of volunteer service as a means to build communities, in particular, needs to be highlighted. Organizations such as UBC simply could not function without volunteer support. Students who volunteer fill important roles in student government and university governance, as peer mentors and counselors, and in improving the wellbeing of their broader community. The members of the UBC Board of Governors, the Senates, the Board of the Alumni Association, the Dean's Advisory Councils are all volunteers; as is my own position, as Chancellor.

As a UBC graduate, you are part of an alumni group that is now over 300,000 strong, and one that includes leaders in every field of endeavor, and upon whom the future well-being of our communities, province and nation will in large measure depend. By engaging in meaningful volunteer activity, you will not only further strengthen your capabilities, you will more thoroughly define the uniqueness of your character, and discover a new and lasting sense of fulfillment. I know that many of you have already had rewarding volunteer experiences while pursuing your education or are actively looking for a suitable volunteer opportunity in an area of professional or personal interest.

I applaud your efforts!

There is much demand on the horizon for people like you who have demonstrated the intelligence, discipline and resourcefulness required to complete degree requirements of one of the world's most respected universities. With increasing frequency, we are witnessing how societies and leadership communities around the world are unable to keep pace with an evermore complex world. There has never been a greater need for skilled humanitarians to participate in social sector organizations, particularly by assuming the mantle of leadership.

Indeed, the needs are vast in range, from healthcare and education, to environmental sustainability, to human rights and social justice.

It is with these thoughts in mind that I encourage you to live joyously, work hard and lend a hand to others. I assure you the rewards are truly remarkable.

As for this transformational day, the entire university community applauds you on your accomplishments and celebrates with you, and we hope that you will cherish the knowledge that UBC is—and will forever be—your university.

Tuum est!

— SARAH MORGAN-SILVESTER

The game begins on a sand dune in the middle of what appears to be an endless desert. In the distance, a forbidding mountain looms, its peak split by a glowing crevice.

Wordlessly, heeding a call from deep within, your character moves toward the mountain, discovering remnants of lost civilizations along the way, coming upon benevolent guides, and traveling for a time with strangers who offer help and accept yours in return. Once safely at the base of the mountain, you and your companions begin to climb, fighting cold, deep snow, and high winds on your ascent. At one point, you sink to the ground, too weary to carry on. Death seems imminent. Then, as if by magic, an assemblage of guides appears and they fill you with pure life force energy. Renewed, you continue to the summit and walk fearlessly into the crevice. A shooting star arcs overhead, announcing your success to watchers below. Slowly, you descend, the star's trajectory marking your path, and as you make your way back to your tribe, prepared to share the inner strengths you've found in overcoming every obstacle, you pass other robed travelers on their way to the mountain's base. Home, you offer your gifts to anyone in need, until that irresistible call sounds and you set out once again.

*Journey*. An independent video game created by Thatgamecompany for Sony and released last year. Over three years in development and responsible for driving the developer nearly to bankruptcy. And then...the fastest selling PlayStation game ever in both North America and Europe. Critically and commercially successful worldwide. Winner of 23 international awards and nominated for 10 more, including the 2013 Grammy for Best Score Soundtrack for Visual Media.

*Why?*

Because they got it right. We recognize the metaphor of the journey as the story of our lives. The developers deliberately followed world mythologist Joseph Campbell's theory of narrative—known as the Hero's journey—in creating the story arc, and it's a pattern Campbell claimed is embedded in the collective unconscious of all of humanity. The game's profound appeal may even lie in the fact that they got it *more* right than we've managed as a species so far: Players can help each other, but not hinder another's progress. Connections are formed not through words or battles but by exploring the world in partnership. According to designer Jenova Chen, going beyond the "typical defeat/kill/win mentality" of most video games was *Journey's* foundational intention.

For the past number of years, you have played the character of Student. You have met many other travelers along the way, some of whom have become Friends, all of whom have altered the course of your *Journey*. With the help of your Guides, you have learned to turn your innate intelligence toward the beginnings of wisdom; your enormous energy toward discipline; your intellectual skills toward an independence of thought; your curiosity toward a deep respect for diversity; and your individuality toward the possibilities of interdependence.

You have come to embody the university's mission: learn/discover/contribute—a clear echo of the Hero's journey—and it is this mentality you carry out into the world today as Graduate.

When enough of you do so, it changes the Game.

# On behalf of the Musqueam Indian Band, the Musqueam Band Council welcomes the University of British Columbia's new Graduates, their families and friends to the 2014 Annual Spring Congregation.

We are pleased to honour the graduates and extend our congratulations to each and every one of you. We are especially pleased to extend our welcome and congratulations to the increasing number of First Nations students who visit the university, and our traditional lands, for their education.

The accomplishments and contributions of each individual student builds the foundation for their future as well as the future of the university and the larger community. These individual accomplishments reflect the talent and diversity among you. Today, the feeling of pride and accomplishment to accompany the completion of your course of study will add to each student's confidence in moving on to the next endeavour.

The University of British Columbia is situated within the heart of Musqueam Traditional Territory. These lands have always been a place for learning. In previous centuries, what is now the UBC campus was a centre for learning for Musqueam youth, who were instructed in culture, history, and tradition, and who in turn shared their knowledge with a new generation. Belief, knowledge, ritual, technological practices, were all handed down here from generation to generation – just as they are today to students from diverse communities and backgrounds.

Musqueam thanks the University of British Columbia and President Stephen Toope for continuing to recognize these lands and the tradition of learning associated with them as an integral part of the history and well being of the Musqueam community. We also thank UBC for continuing to seek a partnership with Musqueam as co-host for special initiatives and ceremonies.

We are pleased that our lands continue to be a place for learning and sharing. We are supportive of the university's many programs and initiatives to form partnerships with the Musqueam and other First Nations communities. Education brings us all together, and each of the student's convocating today is an inspiration to us all.

It is our hope that after graduation you will continue contributing to the university, to our communities, to the well being of society and in doing so you will bring about positive change.

Congratulations to all University of British Columbia 2014 Graduates. We wish you further success for your future.

### THE PRESIDENT'S STOLE

The Salish people are well known for being beautiful weavers along the west coast. Their weavings were used for clothing, sitting mats, and gifts. It also indicated wealth: the more blankets and gifts you gave away, the greater the perception of your wealth by the community.

Chrystal Sparrow, a contemporary Salish artist and member of the Musqueam Band, designed the President's stole in 2007. Chrystal works in many art mediums including; wood carvings, prints, jewellery, clothing and weavings.

"I decided to design and weave the stole for the sole purpose in sharing the importance and wealth of the Salish people here at Musqueam. It's now a gift for the President and the students at UBC to share with each other. I hope it also relays the significance of sharing amongst each other.

The white sheep wool shows the weaving techniques still used today and the black material shows the Salish form lines."

The President's Stole remains an important symbol of friendship and respect between the Musqueam Indian Band and the university to this day.

## STEPS FORWARD

"STEPS" Forward supports young adults with intellectual disabilities in auditing courses and participating in campus activities at colleges and universities in British Columbia. Over a 4-5 year period these young adults are supported in the educational, athletic, social and other life-defining challenges of student life in the same post-secondary environment as their non-disabled peers.

## ALUMNI WELCOME

Welcome, Class of 2014 to your new and honoured place in the UBC community. Today we celebrate all you have worked for, achieved, and contributed to the UBC community during your time as a student—and the promise of your future.

Many students don't realize that when you graduate from UBC, you automatically become a member of *alumni UBC* and your relationship with the University enters a whole new phase.

You might be surprised at just who your fellow alumni are, and their levels of accomplishment, influence and contribution to society. No matter where you go, you will find yourself in the company of amazing people who are making a real difference in the world—educators, artists, doctors, nurses, business and community leaders—UBC grads who will be your role models, mentors, colleagues and friends.

We'll help you connect through our newsletters, web pages and social networks. You will receive a warm welcome at mentoring, cultural, educational and career-building events, whether you stay here or go anywhere else in the world. You can get involved in alumni networks as far away as London and Seoul or as close as Kelowna, Vancouver, Calgary or Toronto.

You can also help start an evolution through investment in UBC. This can be as simple as volunteering at UBC, or as generous as you or your family making a donation. We invite you to get involved and combine your energy with ours. It's your chance to support thinking that can change the world. To find out more about how you can get involved, go to [startanevolution.ca](http://startanevolution.ca).

This is a special time to become part of *alumni UBC* as our new Alumni Centre will be opening in 2015 during the UBC Centennial. The first of its kind in Canada, the centre will become a permanent home for alumni connection, collaboration and life-long learning.

UBC acknowledges your important place in our community. Worldwide, there are now more than 300,000 graduates. That's a powerful network you can leverage to build your life and make a difference. Remember our motto, *Tuum Est* (it is yours)—UBC is *still* yours. It will always be.

So, reach out. Stay in touch. Ask for help when you need it. Lend a hand when you can. Work together and you will find that everything is possible.
