2014

NOVEMBER 26-28

THE CHAN CENTRE FOR THE  
PERFORMING ARTS

TUUM EST

Dear Graduand,

Your graduation began long before this day.

It began when you made the choice to study that extra hour, dedicate yourself more deeply, and strive to reach for the degree you had chosen to fully commit your life to pursuing.

Many of the people that helped you arrive here today are seated beside you—friends, family, classmates—while others are thinking of you from afar.

We are honoured to have given you a place to discover, inspire others and be challenged beyond what you thought was possible.

We hope you know, we will always be that place for you.

Yours,

UBC

The UBC graduation journey has been forged by the spirit of the university's motto, *Tuum Est*, (meaning 'it is yours') since 1915. Today, you, the graduating class of 2014, now shape UBC's history by making it your own.

## 1916

The first graduating class pictured here at the Fairview campus located near Vancouver General Hospital. In UBC's first year, there were only three faculties: Arts, Applied Science and Agriculture with 379 registered students and 34 faculty members.

## 1920s

The twenties saw the student-led Great Trek to claim UBC's Point Grey campus and establish the university as a place of mind for students the world over. The AMS incorporated as a non-profit society and the university began awarding its first graduate degrees to students. In the *Ubysey*, published in September 23, 1925, students described the new campus with a sense of wonder: "We are dazed with the appearance of architectural cleanliness and bewildered by our lineal freedom."

## 1940s

The forties were an era of tremendous change at the university as both students and faculty embraced the war effort. In 1943, new President Norman Mackenzie began in earnest to expand the university and new departments were formed along with new buildings to house them including Brock Hall, the first student union building. By the 1950's, UBC had established itself as a comprehensive university and top choice for students in BC and beyond.

## 1960s

Student numbers continued to escalate alongside the scholarly activities that began to define UBC as a leader in research. The campus was alive with sixties counterculture and a sixth president of UBC was elected by the name of Dr. Walter Gage. New student residences were created to respond to the expanding student body as well as a new student union building. Students gain influence at the university and are elected to the University Board of Governors for the first time.

## 1980s

With over 34,000 students registered at the beginning of the eighties, UBC began attracting scholars from all over the world. Engineering students were in the news frequently for their pranks, which included the famous Ladner Clock Tower stunt in which students pulled off hoisting a white Volkswagen Bug onto the top of the tower. Dr. Martha Piper was elected President in 1997 and ushered in an era of international engagement that saw UBC step onto the world stage as an educator and global centre for research excellence.

## 2014

There are 11,700 students that will become the Class of 2014. They will go on to join the over 300,000 alumni who have successfully graduated from UBC and continue their journey as treasured members of the UBC community.

The University Mace is a symbol of the authority of the Chancellor. It is displayed on ceremonial occasions, most notably during the congregation ceremonies but also during the Installation of a President or Chancellor.

#### THE UNIVERSITY MACE

In the fall of 1957, the University commissioned Haida carver Bill Reid to undertake the project. Owing to Reid's heavy workload, he suggested that George Norris be asked to help design and carve the Mace. The planning of the Mace took some time and a final design was not approved until 1959.

Norris carved the Mace from a block of yew and it included a stylized thunderbird on the thick upper portion. The Mace also featured the use of copper that was prominent in Northwest Coast native art. This copper trimming was designed and prepared by Bill Reid. Norris completed the Mace in 1959 and it was first used at the Fall Congregation where the Director of Ceremonies, Malcolm McGregor, carried it for the first time.

Today the Mace is carried by the 'Macebearer' who leads the Platform Party, which includes the Chancellor, the President, and other dignitaries, onto the stage for the Congregation ceremonies.

#### THE PROCESSION

Chancellor Lindsay Gordon will shake the hand of every student that crosses the stage—that's over 8,000 students each year. This handshake signifies the transition between student and graduate.

#### REGALIA COLOURS

The hoods, gowns and hats worn by graduates are lined with colours to indicate the degree to be conferred, a tradition dating back to the Middle Ages when the first universities were founded.

#### YOUR LEGACY GROWS

Since 1919, the graduating class has held a Tree Planting Ceremony on campus to serve as a reminder of the class in years to come. Many of the trees along East Mall were planted by a graduating class.

Here it is at last—your Graduation day.  
Few occasions hold as much pride and significance for  
you and for those who supported you along the way.

But now what?

Some of you already have an answer to that commonly asked question; a job en route to what you hope will be a fulfilling career in the private, public or non profit sectors, the first steps of a profession, an entrepreneurial pursuit, or perhaps graduate school. For others, the way forward is still to be determined. No matter your chosen path, I encourage all of you to recognize the tremendous significance of your achievements in making the transition from UBC student to UBC graduate, and to allow your success to be a source of pride in the present and confidence for the future.

There is no question that in proving yourself equal to the task of fulfilling degree requirements at one of the world's finest universities, you have made a lasting and powerful statement about your character. The differentiating hallmarks of UBC graduates are many, but most importantly, they include self-discipline, resourcefulness and the ability to finish what you started, in spite of any number of challenges you encountered along the way.

My message to all of you is the same: irrespective of what pursuits you undertake, pursue your passion even though the path may sometimes seem circuitous. Work hard, have fun, but remain sharply aware of the inevitable and perpetual changes in the world around you and the new opportunities they create.

Always remain open to new possibilities.

One final thought—graduation should never mean goodbye. As UBC alumni, I sincerely hope you will remain connected in some way to your university. UBC is and always will be a place of interaction among extraordinary and diverse people, so please take advantage of the many opportunities to be active and engaged members of our alumni community.

On behalf of all 300,000 of your Alumni colleagues, I extend my very best wishes and warmest congratulations.

Tuum est!

— LINDSAY GORDON

Warmest congratulations! Every assignment submitted, every late night study group and early morning coffee run has led you here. Graduation is one of the Big Moments in life: a time to look back at all you've accomplished and a time to look ahead to what's next.

Next year will be the 100th anniversary of UBC's first graduating class. It's difficult to imagine switching places with a member of the graduating class of 1916. They certainly weren't updating Facebook and Instagram or thinking about how they would get ahead in the fiercely competitive global job market.

Indeed the class of 1916 was graduating in a very different time. That year women were given the right to vote for the first time in Alberta, Saskatchewan and Manitoba. Young Canadian men continued to fight overseas in "The Great War" which we now call World War I. There was a lot of public debate about conscription and whether these young men could have their choice to refuse combat taken away.

Like those UBC alumni, you are probably more preoccupied with the future than you are on this moment. You might be wondering how you will contribute to solving the challenges faced by your generation: from climate change to economic disparity. And to truly understand the road ahead, we need to understand where we've come from. So let's look back and see how far we've come.

Look back all the way to 1916 to realize just how much smart, engaged young people like yourselves have changed this country and made it a better place for each generation that has followed. Look back to see how your university has

changed from a small, provincial university to a global research and innovation powerhouse with a community of over 300,000 alumni from 150 countries around the world. Look back to see how much you've changed in your time at UBC. The people you've met, the discussions you've had, the ideas you've discovered, all the ways you have contributed have shaped you in ways you probably don't even realize yet.

In his address to UBC's initial graduating class in 1916, UBC's first President Frank Wesbrook extolled students to make our province, our dominion, our empire and our world a better place in which to live.

Like UBC's first President, I believe that each of you is capable of succeeding and making our world a better place. As you celebrate this transformational day with your family and friends, I also encourage you to take a moment to look forward—to the untold ways you will help shape the world in the years ahead.

— ARVIND GUPTA

# On behalf of the Musqueam Indian Band, the Musqueam Band Council welcomes the University of British Columbia's new Graduates, their families and friends to the 2014 Annual Fall Congregation.

We are pleased to honour the graduates and extend our congratulations to each and every one of you. We are especially pleased to extend our welcome and congratulations to the increasing number of First Nations students who visit the university, and our traditional lands, for their education.

The accomplishments and contributions of each individual student builds the foundation for their future as well as the future of the university and the larger community. These individual accomplishments reflect the talent and diversity among you. Today, the feeling of pride and accomplishment to accompany the completion of your course of study will add to each student's confidence in moving on to the next endeavour.

The University of British Columbia is situated within the heart of Musqueam Traditional Territory. These lands have always been a place for learning. In previous centuries, what is now the UBC campus was a centre for learning for Musqueam youth, who were instructed in culture, history, and tradition, and who in turn shared their knowledge with a new generation. Belief, knowledge, ritual, technological practices, were all handed down here from generation to generation —just as they are today to students from diverse communities and backgrounds.

Musqueam thanks the University of British Columbia and President Arvind Gupta for continuing to recognize these lands and the tradition of learning associated with them as an integral part of the history and well being of the Musqueam community. We also thank UBC for continuing to seek a partnership with Musqueam as co-host for special initiatives and ceremonies.

We are pleased that our lands continue to be a place for learning and sharing. We are supportive of the university's many programs and initiatives to form partnerships with the Musqueam and other First Nations communities. Education brings us all together, and each of the student's convocating today is an inspiration to us all.

It is our hope that after graduation you will continue contributing to the university, to our communities, to the well being of society and in doing so you will bring about positive change.

Congratulations to all University of British Columbia 2014 Graduates. We wish you further success for your future.

UBC's 21-member Board of Governors comprises the chancellor, the president, eleven persons appointed by the lieutenant-governor, three faculty members elected by faculty, three full-time students elected by students and two people elected by and from the full-time employees of the university who are not faculty members.

By legislation, the board is responsible for the management, administration and control of the property, revenue, business and affairs of the university including the appointment of senior officials and faculty on the recommendation of the president. The governors represent diverse backgrounds, which provide valuable input during board deliberations.

## STEPS FORWARD

"STEPS" Forward supports young adults with intellectual disabilities in auditing courses and participating in campus activities at colleges and universities in British Columbia. Over a 4-5 year period these young adults are supported in the educational, athletic, social and other life-defining challenges of student life in the same post-secondary environment as their non-disabled peers.

Welcome, Class of 2014 to your new and honoured place in the UBC community. Today we celebrate all you have worked for, achieved and contributed to the UBC community during your time as a student – and the promise of your future.

Many students don't realize that when you graduate from UBC, you automatically become a member of *alumni UBC* and your relationship with the University enters a whole new phase.

You might be surprised at just who your fellow alumni are, and their levels of accomplishment, influence and contribution to society. No matter where you go, you will find yourself in the company of amazing people who are making a real difference in the world – educators, artists, doctors, nurses, business and community leaders – UBC grads who will be your role models, mentors, colleagues and friends.

We'll help you connect through our newsletters, web pages and social networks. You will receive a warm welcome at mentoring, cultural, educational and career - building events, whether you stay here or go anywhere else in the world. You can get involved in alumni networks as far away as London and Seoul or as close as Vancouver, Calgary or Toronto.

You can also help start an evolution through investment in UBC. This can be as simple as volunteering at UBC, or as generous as you or your family making a donation. We invite you to get involved and combine your energy with ours. It's your chance to support thinking that can change the world. To find out more about how you can get involved, go to [startanevolution.ca](http://startanevolution.ca).

This is a special time to become part of *alumni UBC* as the Robert H. Lee Alumni Centre on our Vancouver campus will be opening in 2015. The first of its kind in Canada, the centre will become a permanent home for alumni like you to connect, collaborate and learn.

UBC acknowledges your important place in our community. Worldwide, there are now more than 300,000 graduates. That's a powerful network you can leverage to build your life and make a difference. Together, we represent a significant and positive force. Remember our motto, *Tuum Est* - it's yours. UBC is still yours. It will always be.

So reach out. Stay in touch. Ask for help when you need it. Lend a hand when you can. Work together and you will find that everything is possible.
