UBC VIRTUAL GRADUATION
FALL 2020

NOVEMBER 25

TUUM EST

Dear Graduate,

Today's virtual ceremony celebrates your very real accomplishment.

Your graduation began long before this day. It began when you made the choice to study that extra hour, dedicate yourself more deeply and strive to reach for the degree you had chosen to fully commit your life to pursuing.

Many of the people that helped you arrive here today—family, friends, classmates—are watching this ceremony with you. While they may not be physically next to you, they stand with you in spirit, take pride in your achievement and share your joy.

We are honoured to have given you a place to discover, inspire others and be challenged beyond what you thought was possible.

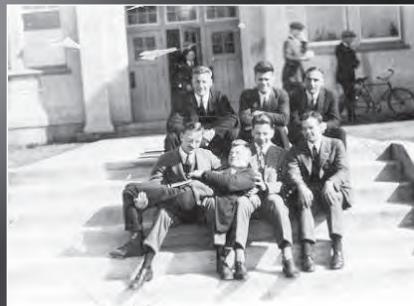

Yours,

UBC

The UBC graduation journey has been forged by the spirit of the university's motto, *Tuum Est*, (meaning 'it is yours') since 1915. Today, you, the graduating class of 2020, now shape UBC's history by making it your own.

1916

One of the first graduating classes was the Arts Class of 1916 pictured here at a party at the home of Mary Wilons. In UBC's first year, there were only three faculties: Arts, Applied Science and Agriculture with 379 registered students and 34 faculty members.

1920S

The twenties saw the student-led Great Trek to claim UBC's Point Grey campus and establish the university as a place of mind for students the world over. The AMS incorporated as a non-profit society and the university began awarding its first graduate degrees to students. In the *Ubyssey*, published in September 23, 1925, students described the new campus with a sense of wonder: "We are dazed with the appearance of architectural cleanliness and bewildered by our lineal freedom."

1940S

The forties were an era of tremendous change at the university as both students and faculty embraced the war effort. In 1943, new President Norman MacKenzie began in earnest to expand the university and new departments were formed along with new buildings to house them including Brock Hall, the first student union building. By the 1950s, UBC had established itself as a comprehensive university and top choice for students in BC and beyond.

1960s

Student numbers continued to escalate alongside the scholarly activities that began to define UBC as a leader in research. The campus was alive with sixties counterculture and a sixth president of UBC was elected by the name of Dr. Walter Gage. New student residences were created to respond to the expanding student body as well as a new student union building. Students gain influence at the university and are elected to the University Board of Governors for the first time.

1980s

With over 34,000 students registered at the beginning of the eighties, UBC began attracting scholars from all over the world. Engineering students were in the news frequently for their pranks, which included the famous Ladner Clock Tower stunt in which students pulled off hoisting a white Volkswagen Bug onto the top of the tower. Dr. Martha Piper was elected President in 1997 and ushered in an era of international engagement that saw UBC step onto the world stage as an educator and global centre for research excellence.

2020

This year, we celebrate the 75th anniversary of the law faculty at UBC, which has been producing innovative research through excellence in teaching and learning since 1945.

The year 2020 is notable for extraordinary challenges. The global COVID-19 outbreak dramatically altered the socioeconomic landscape. From students assisting front-line workers to researchers developing potential treatments and vaccines, this year's graduates are making a difference by helping to combat the global pandemic. Their determination and resilience is helping them to achieve their goals and shape a better future for all of us.

The University mace is a symbol of the authority of the Chancellor. It is displayed on ceremonial occasions, most notably during graduation ceremonies but also during the installation of a president or chancellor.

THE UNIVERSITY MACE

In the fall of 1957, the University commissioned Haida carver Bill Reid to undertake the project. Owing to Reid's heavy workload, he suggested that George Norris be asked to help design and carve the mace. The planning of the mace took some time and a final design was not approved until 1959.

Norris carved the mace from a block of yew and it included a stylized thunderbird on the thick upper portion. The mace also featured the use of copper that was prominent in Northwest Coast native art. This copper trimming was designed and prepared by Bill Reid. Norris completed the mace in 1959 and it was first used at the fall graduation ceremony where the Director of Ceremonies, Malcolm McGregor, carried it for the first time.

CEREMONIAL REGALIA

The hoods, gowns and hats worn by those participating in the academic ceremonies are lined with colours to indicate the degree they have been conferred, a tradition dating back to the Middle Ages when the first universities were founded.

In 2019, UBC approached the xʷməθkʷəy̓əm (Musqueam) and Syilx Okanagan Nation to collaborate on a project that would add Indigenous symbols of host Nations of each respective campus to the academic regalia of senior administration.

Chrystal Sparrow, a third-generation xʷməθkʷəy̓əm artist and carver from the xʷməθkʷəy̓əm (Musqueam) Indian Band, designed the new regalia, which Chancellor Steven Point (xwē lī qwēl tēl) and President and Vice-Chancellor Santa J. Ono are honoured to wear as part of the university's fall 2020 academic ceremonies.

GRAD CLASS LEGACY

UBC students have a rich legacy of giving gifts and donations to the UBC Vancouver campus. Since 1919, there has been a tradition of gifting and/or dedicating a tree in honour of the graduating class.

The 2020 grad class tree is a London plane tree (*Platanus acerifolia*), located on the north side of University Boulevard between East Mall and Main Mall. Due to the current pandemic, the plaque will be installed at a later date.

The tradition of the grad class gift to the University began in 1926 with the presentation of a trophy case designed to house athletic and literary awards. Since that time, each successive graduating class has chosen a gift or series of gifts to enhance the campus.

The 2020 grad class gifts are:

- \$20,000 to commission a mural in the UBC Life Building to celebrate student experiences at UBC, including academics, celebrations, student issues and more;
- \$20,000 donation to the AMS Food Bank to support their operations during the COVID-19 pandemic, allowing them to serve more students in need;
- \$20,000 donation to UBC to support students with financial need during the COVID-19 pandemic.

On behalf of 350,000 UBC alumni from around the world, it is my pleasure to bring greetings and congratulations to members of the graduating class.

Indeed, you have faced new challenges and you have persevered through unusual and sometimes trying circumstances during your time as students. In completing degree requirements at a university like UBC, you have provided compelling evidence of your skills, resourcefulness and strength of character. Let this be a source of confidence as you navigate the way forward within what may seem to be a world of alarming uncertainty.

It is important to remind ourselves that throughout history, humankind has faced uncertainty. There have been previous pandemics, there has been injustice and political polarization within communities and nations. Sadly, none of this is new, but we must remind ourselves that it is choice and not fate that determines where our journeys will lead—both as individuals and as collective members of a group.

My greatest hope is that you will use your intuitive skill and the lessons you have learned to make good decisions about what you will do in the face of uncertainty, what you will ask of yourselves and what you will ask of your leaders. While circumstances today are in many ways quite different than when

you entered UBC, take heart in knowing that better times can prevail in the future as they have in the past. To repeat, it is a matter of choice rather than fate.

I also encourage you to regard your UBC graduation not as the end of a journey but as the beginning of a new one, as alumni of one of the world's most renowned centres of learning and research. We hope that you will return often and remain connected to your university and to your fellow alumni, and that you will work together with them to create a more safe, just and sustainable world.

Once again, warmest congratulations, and best wishes to all.

— THE HONOURABLE STEVEN POINT
(XWĒ LĪ QWĒL TĒL), O.B.C., LL.B.'85,
LL.D.'13
Chancellor

Congratulations! Graduation is a momentous day in your life. It is a time to look back at all you've accomplished and a time to look ahead to what's next.

I hope that when you do look back on your time at UBC, you will do so with fondness, and that when you look ahead, you will see UBC as a part of your future. You will always be welcome here, and we look forward to hearing about your personal and professional achievements as you build on the foundation provided by your UBC degree.

As new graduates, you are joining a large group of remarkable people who have preceded you through this ceremony. Today, the graduates of UBC excel in practically every field of human endeavour. Three graduates have served as Prime Minister of Canada—including the incumbent Justin Trudeau. Seventy graduates have been awarded the Rhodes Scholarship and 65 graduates have won an Olympic medal. Our alumni include scientists, inventors and entrepreneurs, educators, activists, artists, writers and humanitarians. Wherever they may be, our talented graduates are contributing to the wellbeing of their fellow citizens and solving some of the grand challenges that face humanity.

As you begin a new stage in your life and experience, you can be confident that you can and will make a difference, because like the UBC graduates who have gone before you, you possess the knowledge and skills that are conferred by an excellent education.

At every level and in every course you've taken here, you have been exposed to the rigours of critical thinking, to the complexities of problem-solving, and to the need for risk-taking and imagination in the creation of new ideas. You have developed strong communication skills in a variety of media, and learned the value of teamwork and collaboration. You have encountered people and ideas from a wide variety of backgrounds, in the process acquiring a new understanding of cultures and traditions that differ from your own.

As you embark on the next stage of your life's journey, do not be afraid to take up the challenges that await you. You will have many opportunities to turn your hard-earned expertise and knowledge to good use, to become involved in your society, and to offer your ideas and solutions with the confidence that they will be heard and respected.

In his address to UBC's initial graduating class in 1916, UBC's first President Frank Wesbrook encouraged students to make our world a better place in which to live. Today, over a century later, I echo his remarks. I believe each of you has the capacity and skill to succeed and make our world a better place.

As you celebrate this transformational day with your family and friends, take a minute to reflect and think forward to the many ways you might help shape the world in the years ahead.

And one more thing. Graduation should never mean goodbye. As Professor Wesbrook also said at that time, *Tuum Est*—it's your university—today and always.

Best wishes,

— SANTA J. ONO
President and Vice-Chancellor

Belief, knowledge, ritual, and technological practices, were all handed down here from generation to generation—just as they are today to students from diverse communities and backgrounds.

HAIL UBC

Hail! to the Thunderbirds,
Hail! UBC,
Thunder and Lightning,
Onward to victory!
Hail! to the blue and gold,
Hail! UBC,
UBC forever!
Onward to victory!

— *Words and Music by Prof. Stephen Chatman (2009)*

That UBC has a pep song—let alone a newly composed one—may prompt some surprise, as university pep songs are rare in Canada. Originally written in 1931 by Arts student, trumpet player, and band leader Harold King, Hail UBC was widely performed at athletic events for decades. In 2007, Professor Stephen Chatman was charged with composing an updated version suitable not only as a pep song, but also a celebratory anthem for ceremonies and other campus events. It is played at the end of every graduation ceremony as the procession exits. Though the new Hail UBC retains only the title of the original 1931 version, it is a throwback to the pomp and bluster of the early 1900s, when such pep songs were in their heyday, and promises to give UBC students something to cheer along with for another hundred years!
