Dear Graduand,

Your graduation began long before this day.

It began when you made the choice to study that extra hour, dedicate yourself more deeply, and strive to reach for the degree you had chosen to fully commit your life to pursuing.

Many of the people that helped you arrive here today are seated beside you—friends, family, classmates—while others are thinking of you from afar.

We are honoured to have given you a place to discover, inspire others and be challenged beyond what you thought was possible.

We hope you know, we will always be that place for you.

Yours,

UBC

A General Reception will follow each Ceremony at the Flag Pole Plaza.

The UBC graduation journey has been forged by the spirit of the university's motto, *Tuum Est*, (meaning 'it is yours') since 1915. Today, you, the graduating class of 2017, now shape UBC's history by making it your own.

## 1916

One of the first graduating classes was the Arts Class of 1916 pictured here at a party at the home of Mary Wilons. In UBC's first year, there were only three faculties: Arts, Applied Science and Agriculture with 379 registered students and 34 faculty members.

## 1920s

The twenties saw the student-led Great Trek to claim UBC's Point Grey campus and establish the university as a place of mind for students the world over. The AMS incorporated as a non-profit society and the university began awarding its first graduate degrees to students. In the *Ubysey*, published in September 23, 1925, students described the new campus with a sense of wonder: "We are dazed with the appearance of architectural cleanliness and bewildered by our lineal freedom."

## 1940s

The forties were an era of tremendous change at the university as both students and faculty embraced the war effort. In 1943, new President Norman Mackenzie began in earnest to expand the university and new departments were formed along with new buildings to house them including Brock Hall, the first student union building. By the 1950's, UBC had established itself as a comprehensive university and top choice for students in BC and beyond.

## 1960s

Student numbers continued to escalate alongside the scholarly activities that began to define UBC as a leader in research. The campus was alive with sixties counterculture and a sixth president of UBC was elected by the name of Dr. Walter Gage. New student residences were created to respond to the expanding student body as well as a new student union building. Students gain influence at the university and are elected to the University Board of Governors for the first time.

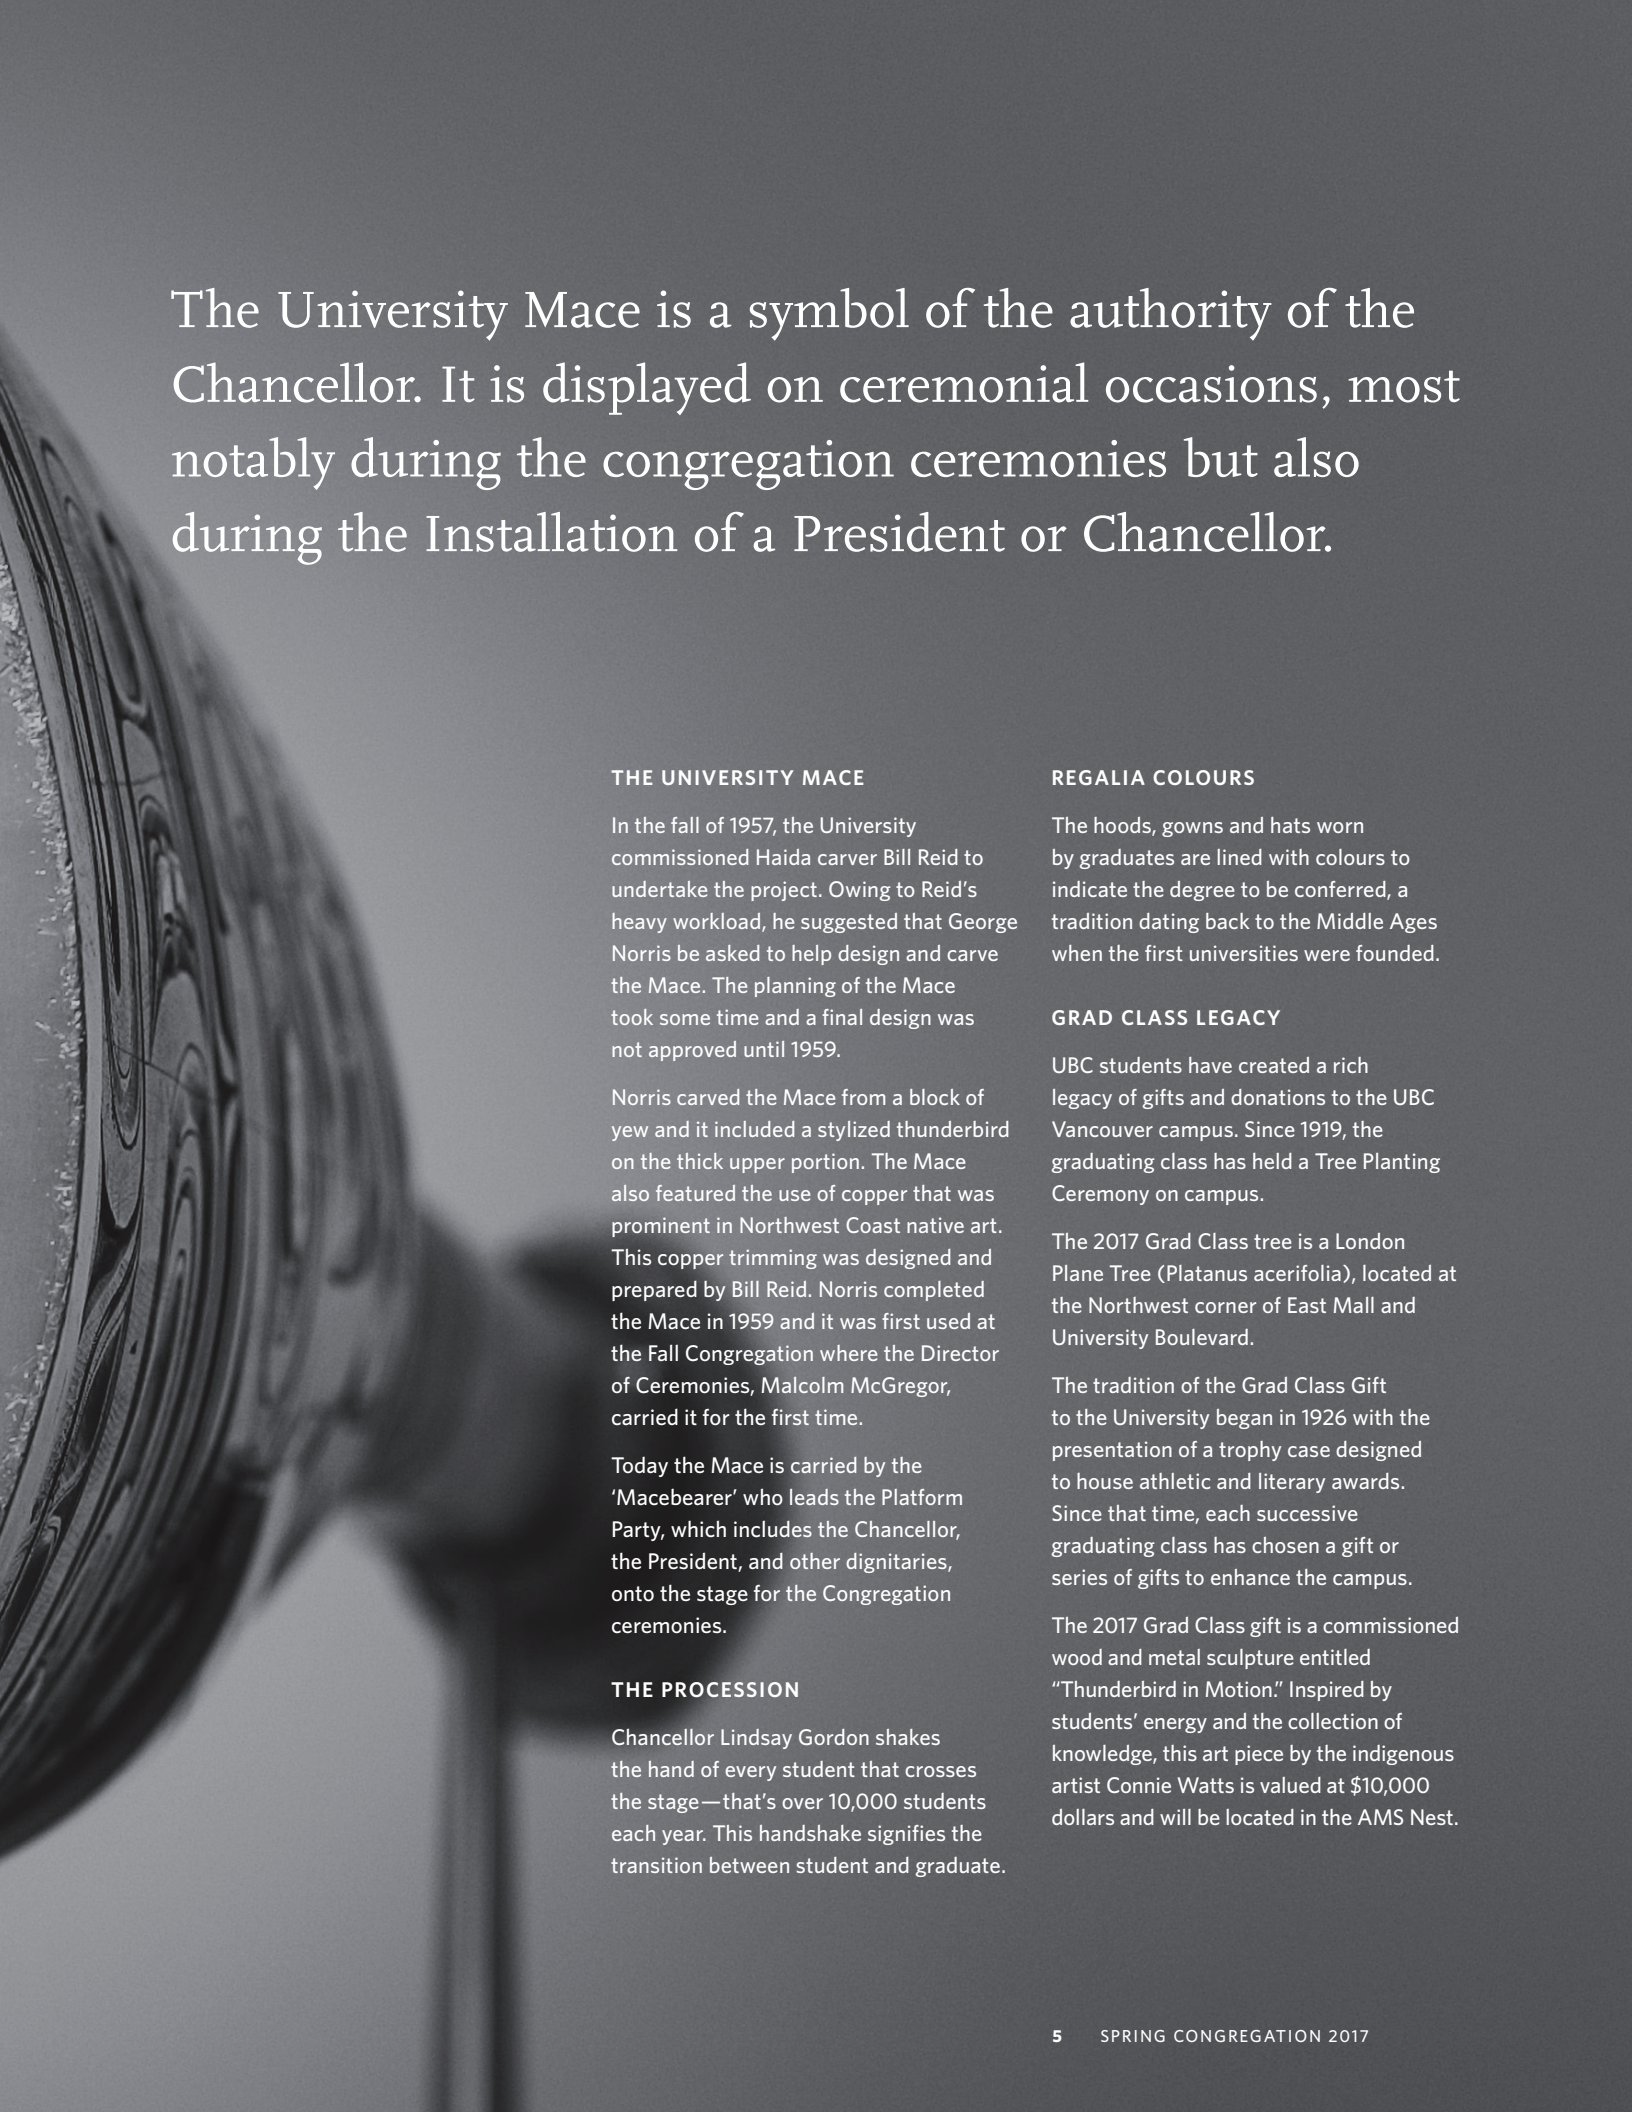

## 1980s

With over 34,000 students registered at the beginning of the eighties, UBC began attracting scholars from all over the world. Engineering students were in the news frequently for their pranks, which included the famous Ladner Clock Tower stunt in which students pulled off hoisting a white Volkswagen Bug onto the top of the tower. Dr. Martha Piper was elected President in 1997 and ushered in an era of international engagement that saw UBC step onto the world stage as an educator and global centre for research excellence.

## 2017

Close to 13,000 students will become the Class of 2017. They will go on to join the over 325,000 alumni who have successfully graduated from UBC and continue their journey as treasured members of the UBC community.

The University Mace is a symbol of the authority of the Chancellor. It is displayed on ceremonial occasions, most notably during the congregation ceremonies but also during the Installation of a President or Chancellor.

#### THE UNIVERSITY MACE

In the fall of 1957, the University commissioned Haida carver Bill Reid to undertake the project. Owing to Reid's heavy workload, he suggested that George Norris be asked to help design and carve the Mace. The planning of the Mace took some time and a final design was not approved until 1959.

Norris carved the Mace from a block of yew and it included a stylized thunderbird on the thick upper portion. The Mace also featured the use of copper that was prominent in Northwest Coast native art. This copper trimming was designed and prepared by Bill Reid. Norris completed the Mace in 1959 and it was first used at the Fall Congregation where the Director of Ceremonies, Malcolm McGregor, carried it for the first time.

Today the Mace is carried by the 'Macebearer' who leads the Platform Party, which includes the Chancellor, the President, and other dignitaries, onto the stage for the Congregation ceremonies.

#### THE PROCESSION

Chancellor Lindsay Gordon shakes the hand of every student that crosses the stage—that's over 10,000 students each year. This handshake signifies the transition between student and graduate.

#### REGALIA COLOURS

The hoods, gowns and hats worn by graduates are lined with colours to indicate the degree to be conferred, a tradition dating back to the Middle Ages when the first universities were founded.

#### GRAD CLASS LEGACY

UBC students have created a rich legacy of gifts and donations to the UBC Vancouver campus. Since 1919, the graduating class has held a Tree Planting Ceremony on campus.

The 2017 Grad Class tree is a London Plane Tree (*Platanus acerifolia*), located at the Northwest corner of East Mall and University Boulevard.

The tradition of the Grad Class Gift to the University began in 1926 with the presentation of a trophy case designed to house athletic and literary awards. Since that time, each successive graduating class has chosen a gift or series of gifts to enhance the campus.

The 2017 Grad Class gift is a commissioned wood and metal sculpture entitled "Thunderbird in Motion." Inspired by students' energy and the collection of knowledge, this art piece by the indigenous artist Connie Watts is valued at \$10,000 dollars and will be located in the AMS Nest.

## Here it is at last—your convocation day.

I am indeed honoured to take part in your celebration, and to congratulate you and those who have supported you on what I hope has been a fulfilling and transformational journey.

I also wish to welcome you as the newest members of the UBC Alumni Association, and at a particularly significant juncture in its history. It was exactly 100 years ago—May 4, 1917 to be precise—that a group of students who shared a passionate interest in the future of their university came together to create the Alumni Association.

With the spirit of those students in mind, my message to you a century later is simply this: Irrespective of what pursuits you undertake in the future, ensure they are activities in which you can maintain a passionate interest. But as you do, remain sharply aware of the perpetual changes in the world around you. The spectrum of knowledge is vastly wider, and the influencers of change—social, cultural, economic and technological—are far more complex than ever before.

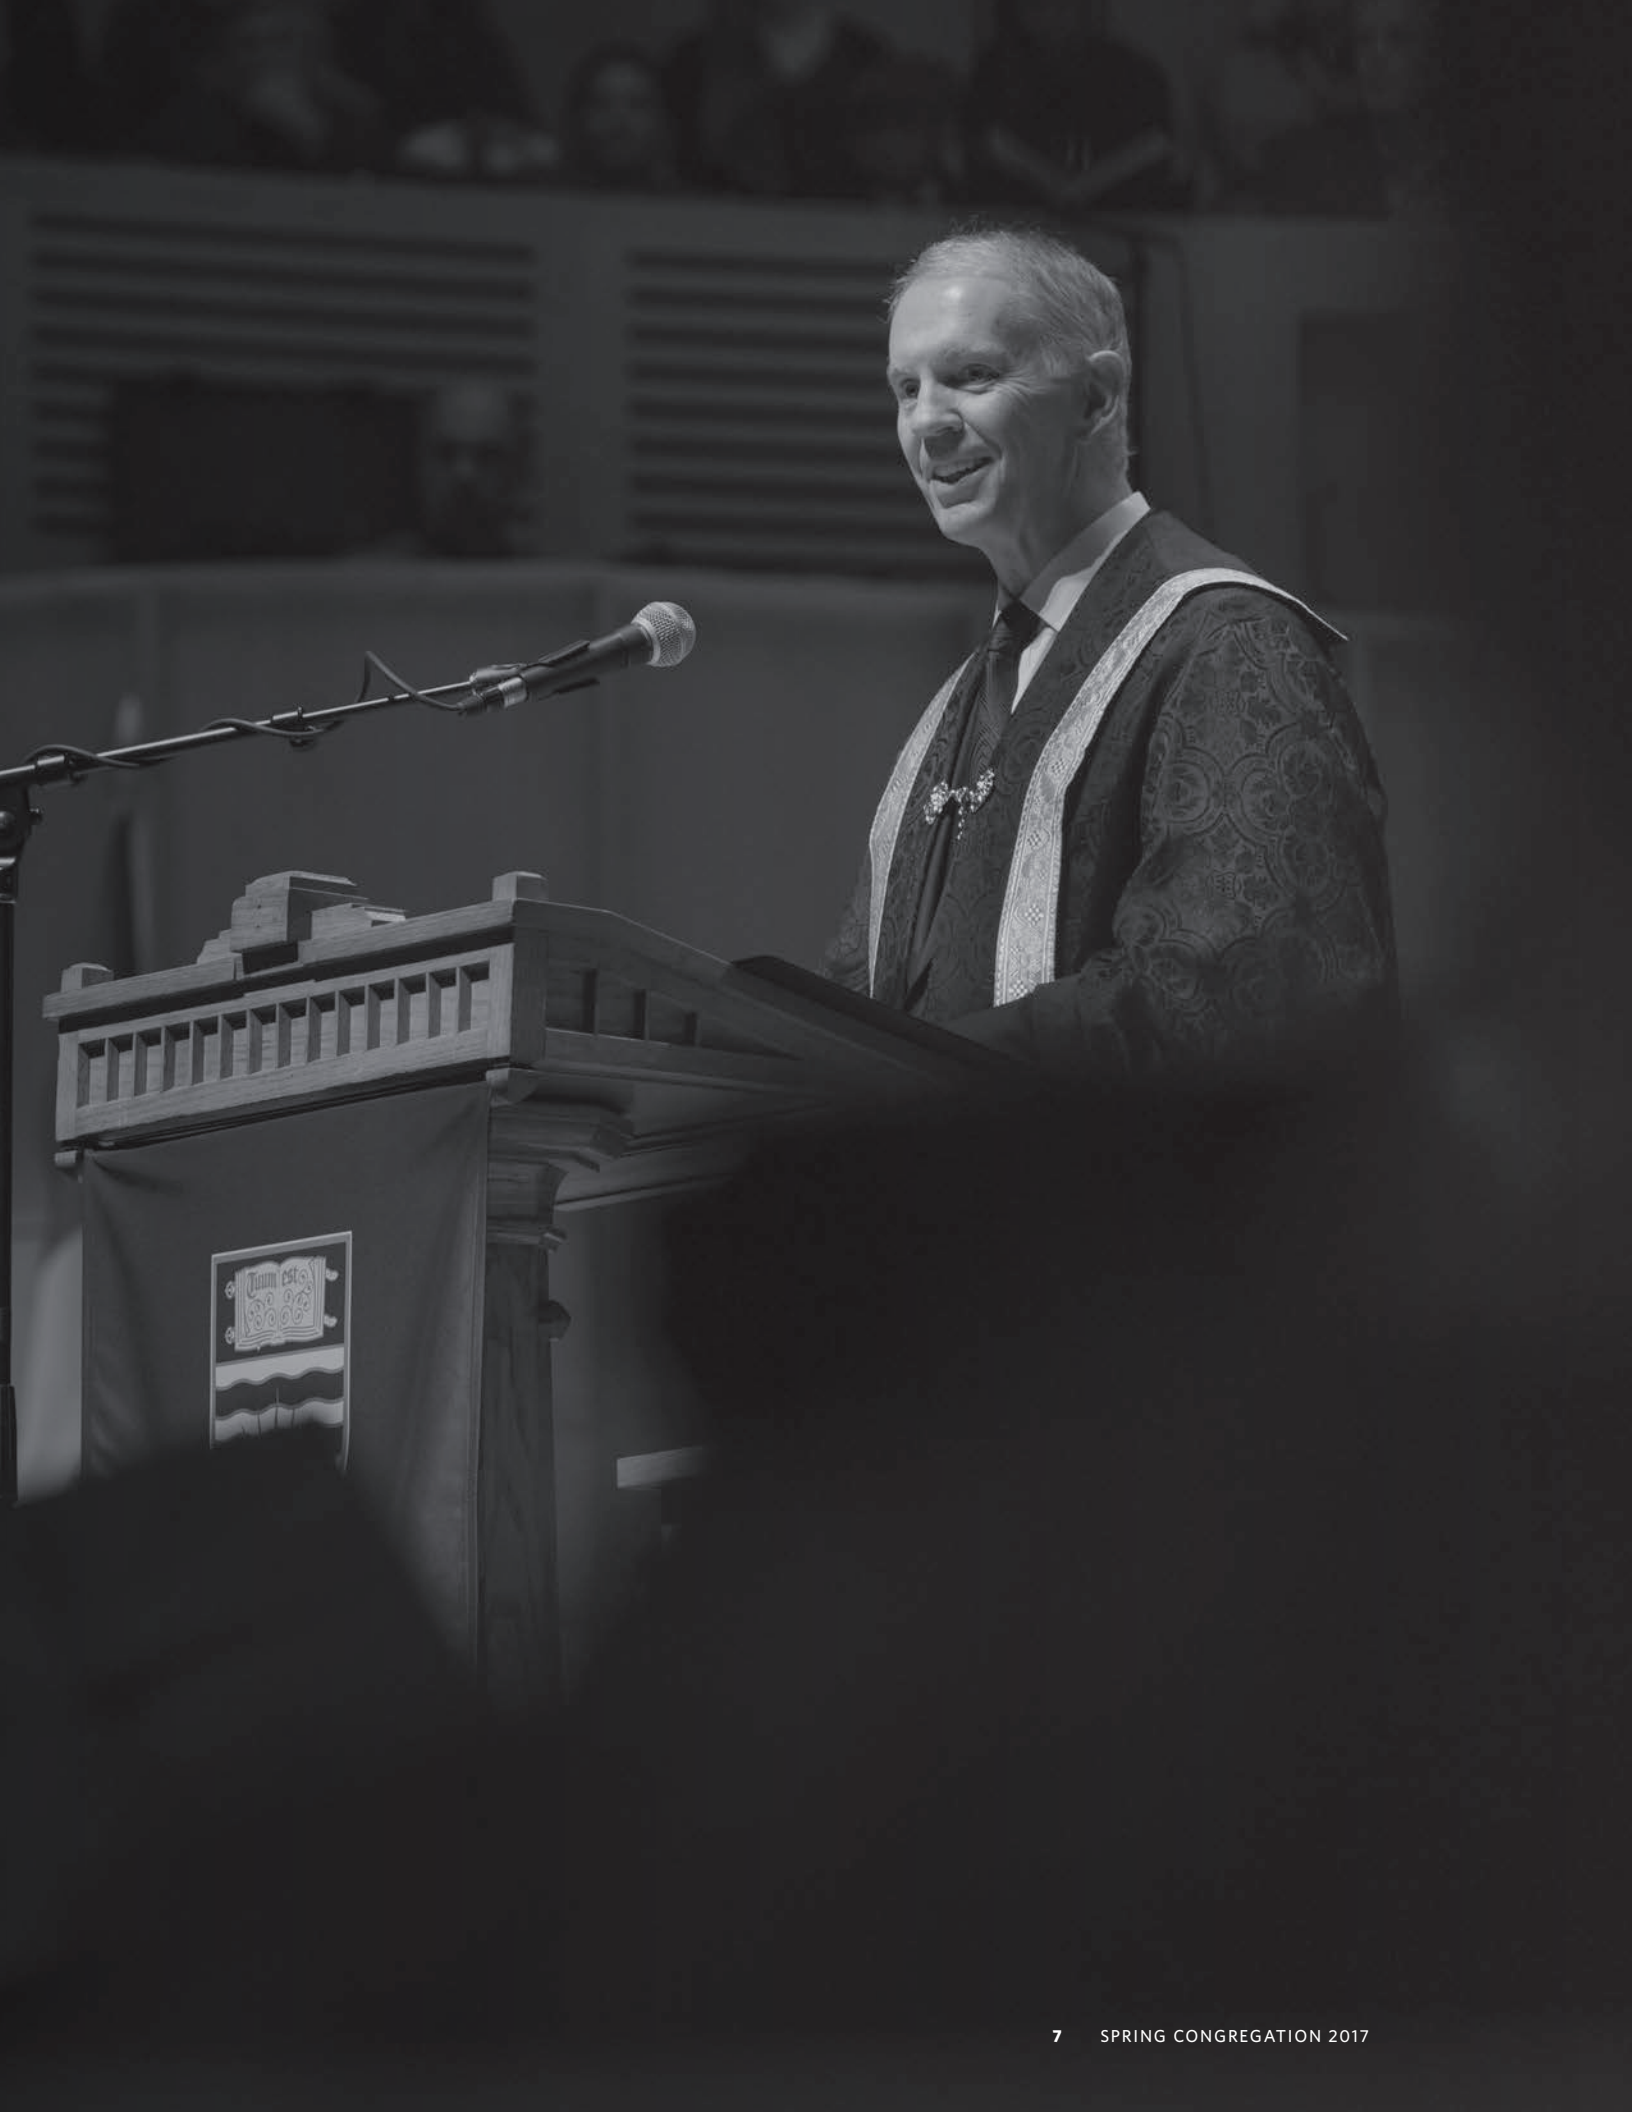

As a result, you will invariably encounter new circumstances and unanticipated opportunities, and you may well be tempted to pursue an entirely new direction tomorrow than what you may be contemplating today. It is therefore essential to listen to your heart and mind. Remain curious, open-minded and flexible as the journey unfolds.

At the same time, ensure that you play your part in helping to build a diverse, inclusive and better community. Understand the challenges that we face, and the obligations that we make to one another in a civil society, and not only to our neighbours at home but to strangers from afar. Above all, seek evidence-supported truth and human compassion over uninformed opinion and misplaced fear.

One final thought—graduation should never mean goodbye. As alumni, I sincerely hope you will remain connected in some way to your university. Please take advantage of the many opportunities to be active and engaged members of our alumni community, which has grown from just 40 members a century ago to over 325,000 today.

On behalf of all of them, I extend my very best wishes on this most joyous occasion.

— LINDSAY GORDON, BA'73, MBA'76

Congratulations! Graduation is a momentous day in your life. It is a time to look back at all you've accomplished and a time to look ahead to what's next.

I hope that when you do look back on your time at UBC, you will do so with fondness, and that when you look ahead, you will see UBC as a part of your future. You will always be welcome here, and we look forward to hearing about your personal and professional achievements as you build on the foundation provided by your UBC degree.

As new graduates, you are joining a large group of remarkable people who have preceded you through this ceremony. Indeed, this year marks the 100th anniversary of *alumni* UBC and today, the graduates of UBC excel in practically every field of human endeavor. Three graduates have served as Prime Minister of Canada—including the incumbent Justin Trudeau. Seventy graduates have been awarded the Rhodes Scholarship and 65 graduates have won an Olympic medal. Our alumni include scientists, inventors and entrepreneurs, educators, activists, artists, writers and humanitarians. Wherever they may be, our talented graduates are contributing to the well-being of their fellow citizens and solving some of the grand challenges that face humanity.

As you begin a new stage in your life and experience, you can be confident that you can and will make a difference, because like the UBC graduates who have gone before you, you possess the knowledge and skills that are conferred by an excellent education.

At every level and in every course you've taken here, you have been exposed to the rigours of critical thinking, to the complexities of problem-solving, and to the need for risk-taking and imagination in the creation of new ideas. You have developed strong communication skills in a variety of media, and learned the value of teamwork and collaboration. You have encountered people and ideas from a wide variety of backgrounds, in the process acquiring a new understanding of cultures and traditions that differ from your own.

As you cross the boundary between life as a student and life as an engaged and contributing member of society, do not be afraid to take up the challenges that await you; you will have many opportunities to turn your hard-earned expertise and knowledge to good use, to become involved in your society, and to offer your ideas and solutions with the confidence that they will be heard and respected.

In his address to UBC's initial graduating class in 1916, UBC's first President Frank Wesbrook encouraged students to make our world a better place in which to live. Today, 101 years later, I echo his remarks. I believe each of you has the capacity and skill to succeed and make our world a better place.

As you celebrate this transformational day with your family and friends, take a minute to reflect and think forward to the many ways you might help shape the world in the years ahead.

And one more thing. Graduation should never mean goodbye. As Professor Wesbrook also said at that time, *Tuum Est*—it's your university—today and always.

Best wishes,

— SANTA J. ONO

Onward to victory!

— *Words and Music by Prof. Stephen Chatman (2009)*

The Chan Centre for the Performing Arts opened its doors in the spring of 1997 as a world-class performing arts venue and extraordinary new home for UBC's Vancouver graduation ceremonies.

Over the past 20 years, it has been so much to so many: a prominent Vancouver stage for top tier musicians and public intellectuals touring the world; a rehearsal hall and performance venue for budding musical minds; a unique space for Lower Mainland performance ensembles; a sanctuary for audiences; a classroom for aspiring filmmakers and actors; and of course—a stage from which new graduates toss their caps and spread their wings.

Nearly 100,000 graduates have crossed the Chan Shun Concert Hall stage over the past two decades, marking the end of their academic careers and the beginning of exciting new chapters in their lives. Students—both past and present—are the heart of UBC, and the Chan Centre is proud to play a role in this memorable, momentous occasion for UBC graduates and their loved ones year after year.

We are thrilled to embark on our 20th anniversary season by welcoming the Class of 2017 and celebrating all they have accomplished. Congratulations —Tuum Est!
