TUUM EST

Dear Graduand,

Your graduation began long before this day.

It began when you made the choice to study that extra hour, dedicate yourself more deeply and strive to reach for the degree you had chosen to fully commit your life to pursuing.

Many of the people that helped you arrive here today are seated beside you—friends, family, classmates—while others are thinking of you from afar.

We are honoured to have given you a place to discover, inspire others and be challenged beyond what you thought was possible.

Yours, UBC

We acknowledge that UBC's campuses are situated on the traditional, unceded, ancestral territories of the Musqueam, Squamish and Tsleil-Waututh, and in the territory of the Syilx Okanagan Nation.

Reception Following the Ceremony at the Robert H. Lee Alumni Centre

The UBC graduation journey has been forged by the spirit of the university's motto, *Tuum Est*, (meaning "it is yours") since 1915. Today, you, the graduating class of 2022, now shape UBC's history by making it your own.

## 1916

One of the first graduating classes was the Arts Class of 1916 pictured here at a party at the home of Mary Wilons. In UBC's first year, there were only three faculties: Arts, Applied Science and Agriculture with 379 registered students and 34 faculty members.

## 1920s

The twenties saw the student-led Great Trek to UBC's new Point Grey campus, establishing the university as a place of mind for students the world over. The AMS incorporated as a non-profit society and the university began awarding its first graduate degrees to students. In the *Ubysey*, published in September 23, 1925, students described the new campus with a sense of wonder: "We are dazed with the appearance of architectural cleanliness and bewildered by our lineal freedom."

## 1940s

The forties were an era of tremendous change at the university as both students and faculty embraced the war effort. In 1943, new President Norman MacKenzie began in earnest to expand the university and new departments were formed along with new buildings to house them including Brock Hall, the first student union building. By the 1950s, UBC had established itself as a comprehensive university and top choice for students in BC and beyond.

## 1960s

Student numbers continued to escalate alongside the scholarly activities that began to define UBC as a leader in research. The campus was alive with sixties counterculture and a sixth president of UBC was elected by the name of Dr. Walter Gage. New student residences were created to respond to the expanding student body as well as a new student union building. Students gain influence at the university and are elected to the University Board of Governors for the first time.

## 1980s

With over 34,000 students registered at the beginning of the eighties, UBC began attracting scholars from all over the world. Engineering students were in the news frequently for their pranks, which included the famous Ladner Clock Tower stunt in which students pulled off hoisting a white Volkswagen Bug onto the top of the tower. Dr. Martha Piper was elected President in 1997 and ushered in an era of international engagement that saw UBC step onto the world stage as an educator and global centre for research excellence.

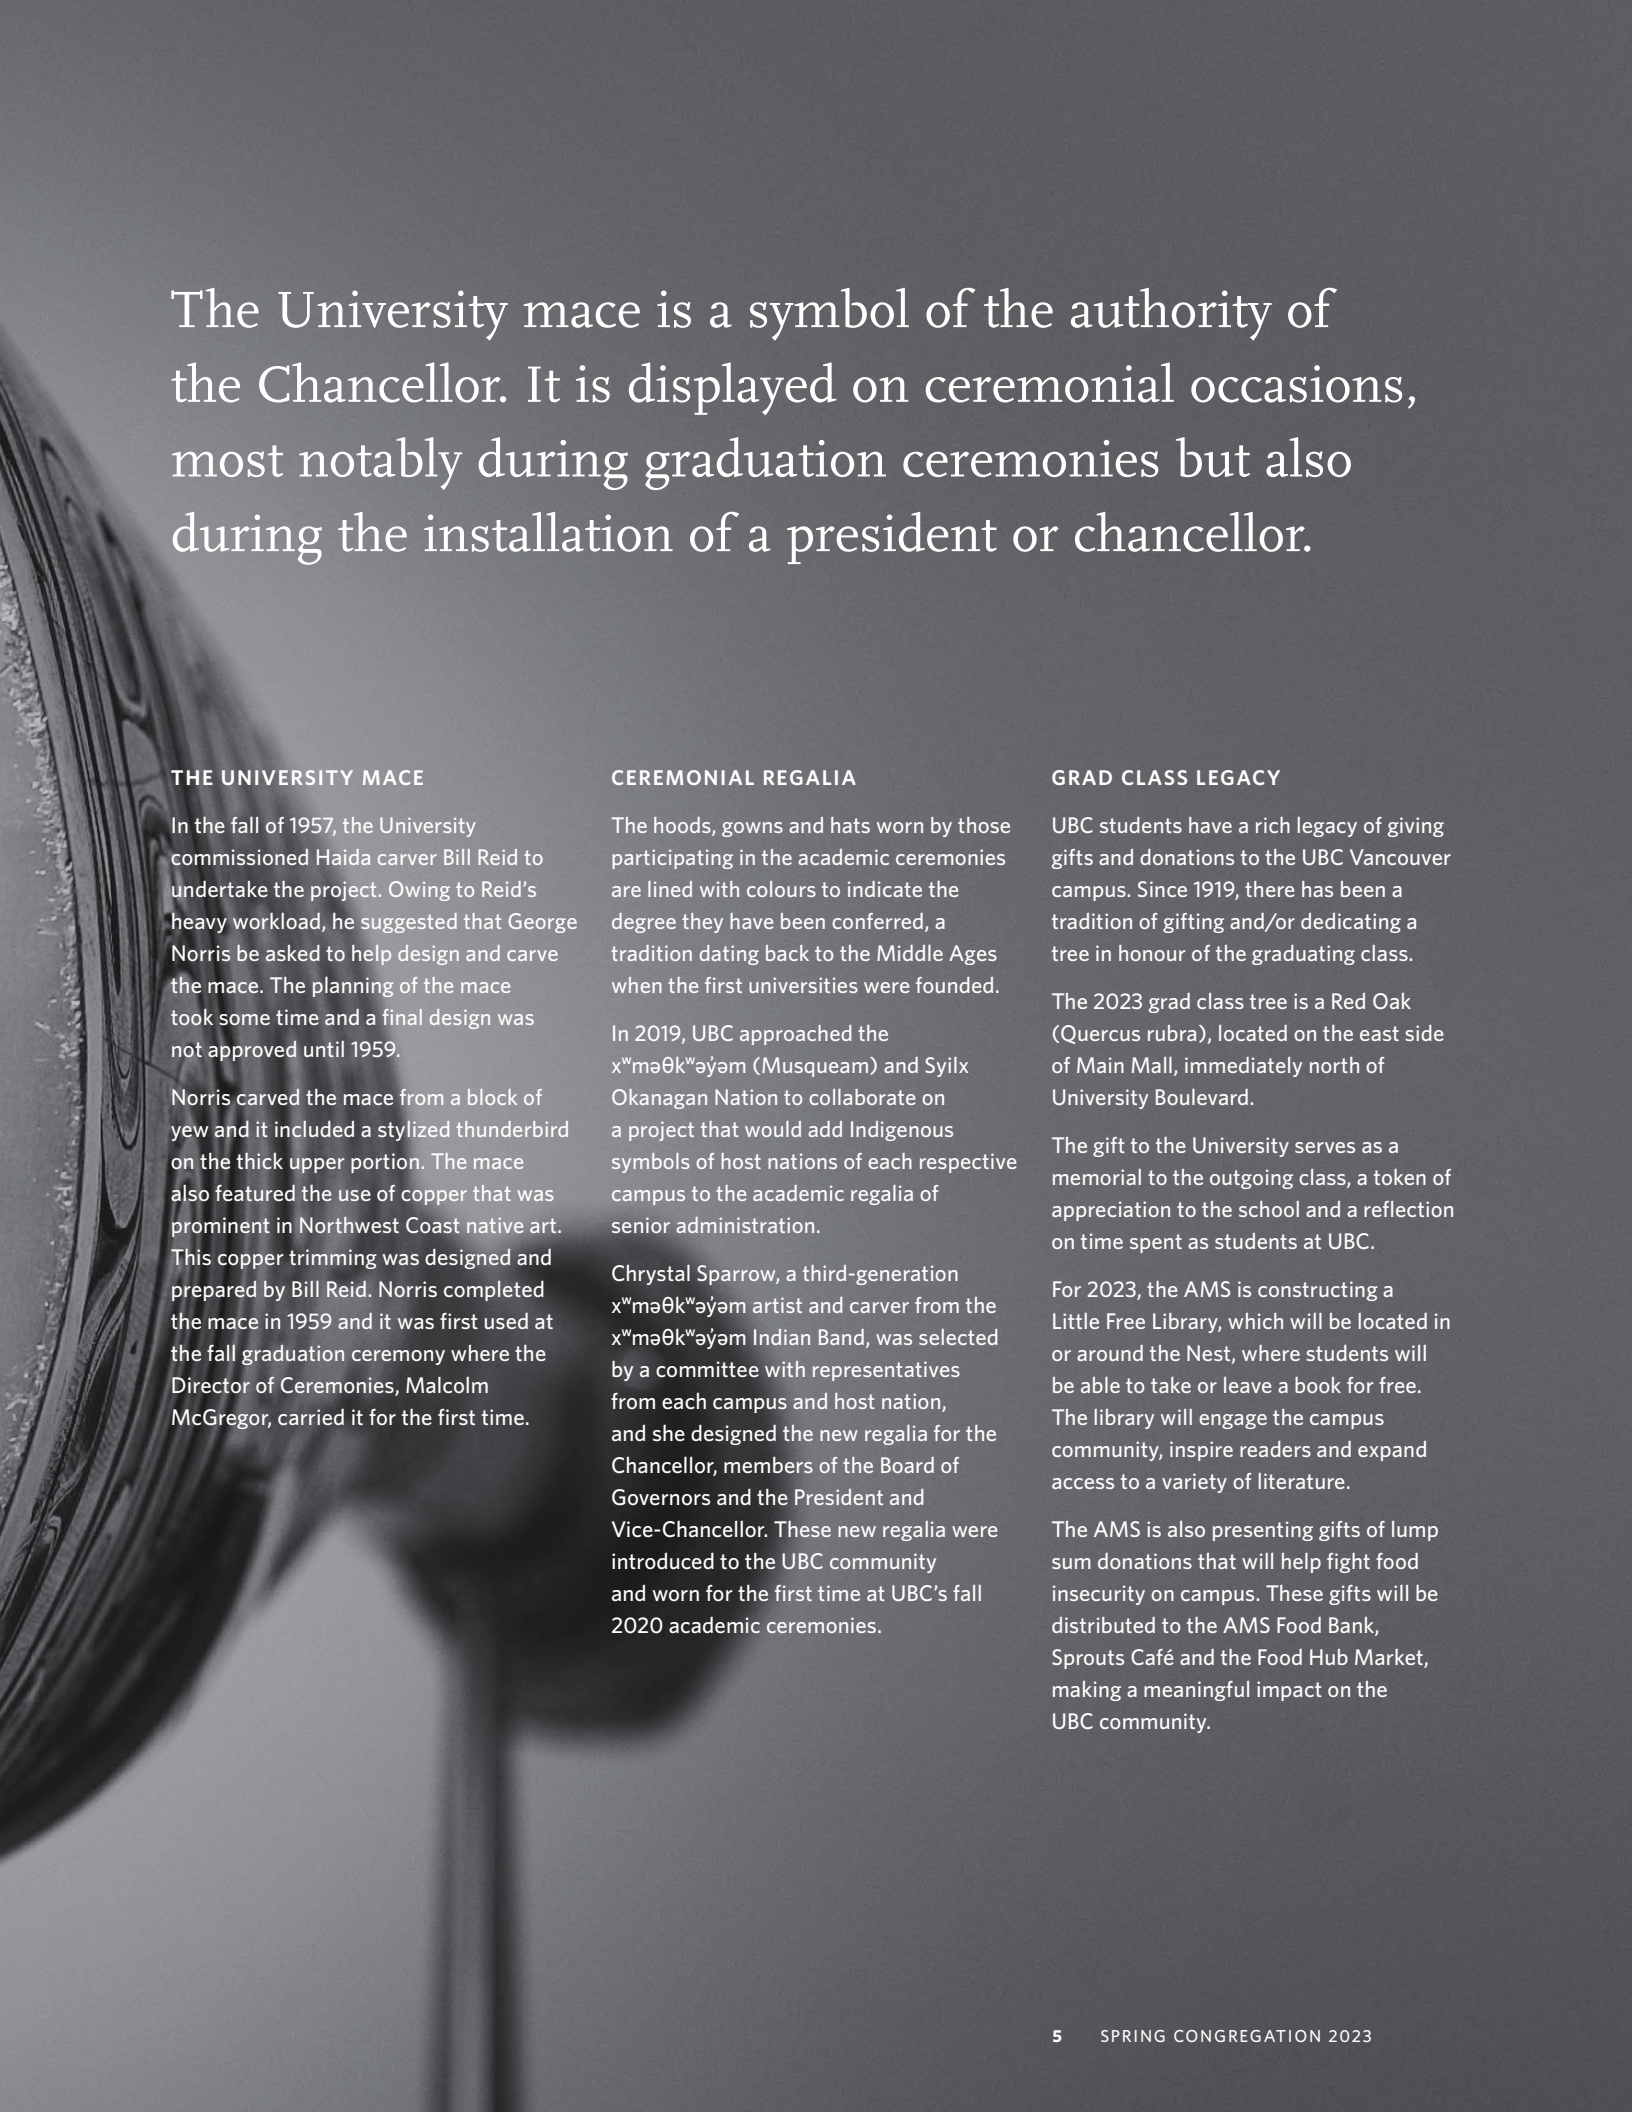

## 2022

This year, we celebrate the 20th anniversary of the Faculty of Medicine's Indigenous MD Admissions Pathway. Through this pathway, 122 Indigenous doctors have graduated and are now serving the health-care needs of communities across British Columbia and beyond. This pathway serves a vital role in encouraging, attracting and creating new opportunities for Indigenous learners to pursue medicine, while supporting them on their journey to becoming doctors.

The University mace is a symbol of the authority of the Chancellor. It is displayed on ceremonial occasions, most notably during graduation ceremonies but also during the installation of a president or chancellor.

#### THE UNIVERSITY MACE

In the fall of 1957, the University commissioned Haida carver Bill Reid to undertake the project. Owing to Reid's heavy workload, he suggested that George Norris be asked to help design and carve the mace. The planning of the mace took some time and a final design was not approved until 1959.

Norris carved the mace from a block of yew and it included a stylized thunderbird on the thick upper portion. The mace also featured the use of copper that was prominent in Northwest Coast native art. This copper trimming was designed and prepared by Bill Reid. Norris completed the mace in 1959 and it was first used at the fall graduation ceremony where the Director of Ceremonies, Malcolm McGregor, carried it for the first time.

#### CEREMONIAL REGALIA

The hoods, gowns and hats worn by those participating in the academic ceremonies are lined with colours to indicate the degree they have been conferred, a tradition dating back to the Middle Ages when the first universities were founded.

In 2019, UBC approached the xʷməθkʷəy̓əm (Musqueam) and Syilx Okanagan Nation to collaborate on a project that would add Indigenous symbols of host nations of each respective campus to the academic regalia of senior administration.

Chrystal Sparrow, a third-generation xʷməθkʷəy̓əm artist and carver from the xʷməθkʷəy̓əm Indian Band, was selected by a committee with representatives from each campus and host nation, and she designed the new regalia for the Chancellor, members of the Board of Governors and the President and Vice-Chancellor. These new regalia were introduced to the UBC community and worn for the first time at UBC's fall 2020 academic ceremonies.

#### GRAD CLASS LEGACY

UBC students have a rich legacy of giving gifts and donations to the UBC Vancouver campus. Since 1919, there has been a tradition of gifting and/or dedicating a tree in honour of the graduating class.

The 2022 grad class tree is an American elm (*Ulmus americana*), located on the north side of University Boulevard by Main Mall.

The gift to the University serves as a memorial to the outgoing class, a token of appreciation to the school and a reflection on time spent as students at UBC.

This year's class spent part of their time at UBC physically separated due to the COVID-19 pandemic. Despite this challenge, students persisted and thrived.

Reflecting these unusual circumstances, the AMS is presenting the gift of an outdoor learning area, which will use the latest in inductive-thermal technology to create an innovative space that students can use to learn, study and socialize year-round.

The AMS is also donating a digital mural installation for students in the thoroughfare connecting the AMS Nest, UBC Life building and Student Recreation Centre. Additionally, the AMS is commissioning an Indigenous language project in the AMS Nest. This project will see notable locations in the AMS Nest given translated names in hə́łqəmiṇə́m, the language of the xʷməθkʷəy̓əm (Musqueam), through work in partnership with Indigenous artists and Knowledge Keepers.

On behalf of more than 385,000 UBC alumni from around the world, it is my pleasure to bring greetings and congratulations to members of the graduating class.

Indeed, the completion of degree requirements exemplifies intelligence, discipline and resourcefulness. But beyond these traits, my greatest hope is that your university experience has taught you new ways of thinking, and specifically a greater understanding of the importance of reliable evidence in the pursuit of truth and informed opinion.

Irrespective of what program or degree you have completed, you have invariably been asked to examine divergent theories and then present your own conclusions along with evidence to support them. Indeed, the ability to find and present reliable evidence is the most important outcome of a university education.

My challenge to you as UBC graduates is to continue to be truth seekers on the journey ahead, and to continue to refine your research skills as you navigate what may at times seem to be a turbulent world. You may pleasantly discover that these modern challenges can have a unique way of fostering greater measures of much-needed prudence and graciousness. But only if we are relentless in the

pursuit of truth, and of corresponding actions that serve the greater good of humankind. Only then can our spirit and our character truly prevail.

I also encourage you to regard your UBC graduation not as the end of a journey but as the beginning of a new one, as alumni of one of the world's most renowned centres of learning and research. We hope that you remain engaged with your university and your fellow alumni, and that you will work together with them to create a more just, compassionate and sustainable world.

Again, warmest congratulations and best wishes to all.

— THE HONOURABLE STEVEN POINT  
(XWĚ LĪ QWĚL TĚL), O.B.C., LL.B.'85,  
LL.D.'13

# Congratulations! Graduation is a momentous day in your life. It is a time to look back at all you've accomplished and a time to look ahead to what's next.

I hope that when you do look back on your time at UBC, you will do so with fondness, and that when you look ahead, you will see UBC as a part of your future. You will always be welcome here, and we look forward to hearing about your personal and professional achievements as you build on the foundation provided by your UBC degree.

As new graduates, you are joining a large group of remarkable people who have preceded you through this ceremony. Today, the graduates of UBC excel in practically every field of human endeavour. Three graduates have served as Prime Minister of Canada—including the incumbent Justin Trudeau. Seventy-four graduates have been awarded the Rhodes Scholarship. Our alumni include scientists, inventors and entrepreneurs, educators, Olympic medalists, activists, artists, writers and humanitarians. Wherever they may be, our talented graduates are contributing to the wellbeing of their fellow citizens and solving some of the grand challenges that face humanity.

As you begin a new stage in your life and experience, you can be confident that you can and will make a difference, because like the UBC graduates who have gone before you, you possess the knowledge and skills that are conferred by an excellent education.

At every level and in every course you've taken here, you have been exposed to the rigours of critical thinking, to the complexities of problem-solving, and to the need for risk-taking and imagination in the creation of new ideas. You have developed strong communication skills in a variety of media, and learned the value of teamwork and collaboration. You have encountered people and ideas from a wide variety of backgrounds, in the process acquiring a new understanding of cultures and traditions that differ from your own.

As you embark on the next stage of your life's journey, do not be afraid to take up the challenges that await you. You will have many opportunities to turn your hard-earned expertise and knowledge to good use, to become involved in your society, and to offer your ideas and solutions with the confidence that they will be heard and respected.

In his address to UBC's initial graduating class in 1916, UBC's first president, Frank Wesbrook, encouraged students to make our world a better place in which to live. Today, over a century later, I echo his remarks. I believe each of you has the capacity and skill to succeed and make our world a better place.

As you celebrate this transformational day with your family and friends, take a minute to reflect and think forward to the many ways you might help shape the world in the years ahead.

And one more thing. Graduation should never mean goodbye. As Professor Wesbrook also said at that time, *Tuum Est*—it's your university—today and always.

Best wishes,

— SANTA J. ONO  
President and Vice-Chancellor

UBC's 21-member Board of Governors comprises the Chancellor, the President, eleven persons appointed by the Lieutenant Governor, three faculty members elected by faculty, three full-time students elected by students and two people elected by and from the full-time employees of the university who are not faculty members.

By legislation, the board is responsible for the management, administration and control of the property, revenue, business and affairs of the university including the appointment of senior officials and faculty on the recommendation of the president. The governors represent diverse backgrounds, which provide valuable input during board deliberations.

## HAIL UBC

Hail! to the Thunderbirds,  
Hail! UBC,  
Thunder and Lightning,  
Onward to victory!  
Hail! to the blue and gold,  
Hail! UBC,  
UBC forever!  
Onward to victory!  
— *Words and Music by Prof. Stephen Chatman (2009)*

That UBC has a pep song—let alone a newly composed one—may prompt some surprise, as university pep songs are rare in Canada. Originally written in 1931 by Arts student, trumpet player, and band leader Harold King, Hail UBC was widely performed at athletic events for decades. In 2007, Professor Stephen Chatman was charged with composing an updated version suitable not only as a pep song, but also a celebratory anthem for ceremonies and other campus events. It is played at the end of every graduation ceremony as the procession exits. Though the new Hail UBC retains only the title of the original 1931 version, it is a throwback to the pomp and bluster of the early 1900s, when such pep songs were in their heyday, and promises to give UBC students something to cheer along with for another hundred years!

Welcome, Class of 2022, to your new and honoured place among more than 385,000 UBC alumni in 150 countries. That's a powerful network to help build your life and make a real difference.

Many students don't realize that when you graduate from UBC, you automatically become a member of *alumni UBC* and your relationship with the University enters a whole new phase.

You might be surprised at just who your fellow alumni are, and their levels of accomplishment, influence and contribution to society. No matter where you go, you will find yourself in the company of amazing people who are making a real difference in the world—educators, artists, doctors, nurses, business and community leaders—UBC grads who will be your role models, mentors, colleagues and friends. *alumni UBC* will help you connect through our email updates, website and social networks.

You can participate in our mentoring, cultural, education and career-building programs, here in Vancouver and around the world through alumni networks as far away as London, Hong Kong and Seoul, or as close as Victoria, Calgary and Toronto.

On the Point Grey campus, the Robert H. Lee Alumni Centre is your alumni home for life, where you can make alumni connections, attend events or book your own meetings or celebrations.

Remember our motto: *Tuum Est* ("It is yours"). UBC is still yours.

It will always be yours. So reach out. Stay in touch. Ask for help when you need it. Lend a hand when you can.
